

Company To Buy Project Cars In Minneapolis

January 19, 2016

January 19, 2016 - PRESSADVANTAGE -

Car Buyer Minnesota, a business in Woodbury, has announced that they are looking for people who want to sell their old collectible or classic cars. They have been known to pay a higher price compared to other dealers for any cars they purchase. They also continue to pay cash for any project cars.

Mike Costigan from Car Buyer MN says: "We buy all cars and even pick them up or tow them for free, giving our customers cash on collection. We are specifically looking for collectible, classic and project cars at the moment. We really want to encourage anyone who has one of these vehicles standing around to contact us as soon as possible, as we will pay top dollar."

A lot of people in Minnesota are known to have junk cars on their properties. For some people, these vehicles are just taking up garage or drive space. Other people have them standing in their yards. These vehicles will never be used again and do nothing but take up space and negatively affect the environment. But some people often feel that they may still be able to get some money for them. Car Buyer Minnesota is actually one of the few companies that offer this type of service while including free towing or pick up. They also claim to pay more than other companies.

The company has earned a reputation of being the best classic car buyer Minneapolis has to offer, and they have received a wealth of positive reviews. "I guess I was just hanging on to my old vehicle," says Peter T. "My wife was getting furious with me, saying I was cluttering up our drive with my old classic. But by the time I agreed to get rid of it, it wouldn't start anymore and it wouldn't be worth paying towing costs with the little money I would get for it. Car Buyer Minnesota, however, offered me a very fair price, higher than any other offer I had had, and they picked it up for free."

The company encourages everyone to contact them as soon as possible if they have any old vehicles on their property, particularly classic, collectible and project models.
