

Junk Crushers Expands Dumpster Rental Service to Virginia Beach for Reliable and Convenient Waste Management

September 09, 2024

September 09, 2024 -

Junk Crushers has announced the expansion of its dumpster rental service to Virginia Beach, VA. This move aims to provide residents and businesses with more options for managing waste. Junk Crushers offers different sizes of roll-off dumpsters, including 13-yard, 17-yard, and 21-yard options. These dumpsters cater to various needs, from small home projects to larger construction jobs.

Joe Herrmann, the CEO of Junk Crushers, shared his excitement about the expansion: "We are excited to extend our services to the Virginia Beach community. With the introduction of our roll-off dumpster rental service, we hope to address the growing demand for convenient and reliable waste management solutions."

The dumpster rental service includes delivery and pick-up, making it easy for customers to manage their waste. The 13-yard dumpster costs \$350.00 for up to 3 days and is perfect for smaller projects like garage cleanouts and minor home renovations. The 17-yard dumpster is available for \$400.00 for up to 3 days and is

designed for medium-sized projects, such as small construction jobs or larger cleanouts. For extensive projects, the 21-yard dumpster starts at \$450.00 for up to 3 days, making it suitable for major renovations and large-scale cleanouts.

In addition to its dumpster rental service, Junk Crushers also offers junk removal services. Homeowners and contractors can benefit from the company's experienced team, which handles everything from household junk to construction debris. Joe Herrmann commented, "Our team is committed to delivering excellent customer service and ensuring that each job is completed efficiently and professionally."

Junk Crushers also provides demolition and clean-out services, which include clearing attics, homes, garages, crawl spaces, and yards. These services are especially useful for people and businesses involved in remodeling projects or large cleanouts. The company ensures that all waste is disposed of responsibly, following environmental regulations.

"We aim to be a one-stop solution for all waste management needs," Herrmann added. "Our expansion into Virginia Beach allows us to serve a wider community and offer them the same quality of service that has made us a trusted name in Norfolk, Chesapeake, and Portsmouth."

The company maintains a user-friendly approach to dumpster rentals. Customers can easily schedule their rental and pick-up dates on their website, making the process simple. Once the dumpster is delivered, it can be filled at the user's convenience, and Junk Crushers will handle the pick-up, ensuring a hassle-free experience.

Junk Crushers operates six days a week, from Monday to Saturday, providing flexibility for its customers. Being locally-owned and operated allows the company to offer personalized service and make special accommodations for projects outside its typical service radius.

For more information on Junk Crushers and its services, interested parties can visit their website or contact them directly at (757) 305-7504.

Junk Crushers remains dedicated to providing comprehensive waste management services in the Virginia Beach area. With a range of options from dumpster rental service to demolition and junk removal, they strive to meet the varying needs of their clients. Their commitment to professionalism and customer satisfaction continues to drive their operations as they expand their reach.

Their expansion into Virginia Beach shows their ongoing growth and dedication to serving the community. By

offering reliable and efficient waste management solutions, Junk Crushers aims to contribute to the cleanliness and environmental well-being of the area. As they continue to grow, their focus remains on delivering services that users can rely on for all their waste management needs.
