Olde West Chester, Ohio - August 28, 2024 -

Cincinnati Affordable Contracting recently completed an important project, once again proving their skill as a fence contractor. This time, they took on a Kentucky Board Fence installation in Amelia, Ohio. The fence was installed in the Whispering Trees Subdivision and was finished in just 1-3 days. They used high-quality, pressure-treated wood to make sure the fence lasts long and stays strong.

The new fence features three boards that seamlessly connect with a neighbor's split rail fence. This creates a large enclosed area, providing a safe and secure space for residents and their pets.
