

ASTOUNDZ Launches Innovative Website for Houston's IT and Printing Leader, Function4

September 12, 2024

Houston, Texas - September 12, 2024 - PRESSADVANTAGE -

ASTOUNDZ, a leading digital marketing and web development company, is excited to announce the launch of a newly designed website for Function4, a top IT and printing solutions provider serving the greater Houston area and beyond. The new website reflects Function4's commitment to innovation, quality service, and customer satisfaction, offering an enhanced online experience that meets the evolving needs of its clients.

Function4 has established itself as a premier provider of IT and printing solutions, serving a diverse range of industries throughout Houston and other regions. As the company continues to expand its reach and capabilities, it recognized the need for a modern, user-friendly website that accurately represents its brand and services. To achieve this, Function4 partnered with ASTOUNDZ, an internet marketing firm renowned for its expertise in creating optimized, high-performance websites that deliver results.

"Our goal was to create a website that not only looks great but also functions seamlessly across all devices," said Steve Winter, founder of ASTOUNDZ. "We wanted to ensure that Function4's customers have easy access to the information they need, whether they're seeking IT solutions, printing services, or customer

support."

The new Function4 website features a sleek, modern design that emphasizes functionality and ease of use. ASTOUNDZ applied its "ONE SEARCH, ONE CLICK, ONE COMPANY" philosophy to the design process, ensuring that users can find what they need quickly and efficiently. The site's navigation is intuitive, with clearly defined sections for Function4's key service areas, including IT solutions, managed print services, office equipment, and document management.

"Function4 is all about making technology work for businesses, and our website needed to reflect that mission," said Bill Patsouras, CEO of Function4. "ASTOUNDZ helped us create a digital presence that not only looks professional but also makes it easier for our clients to connect with us and find the solutions they need."

Beyond aesthetics, the new Function4 website is fully optimized for search engines, ensuring that potential customers can easily find the company online. ASTOUNDZ expertise as an organic SEO company played a crucial role in this aspect of the project. The website is designed to rank highly on search engines like Google, Bing, and Yahoo, driving more traffic and generating more leads for Function4.

"SEO is a critical component of any modern website," Winter explained. "We made sure that Function4's site is not only visually appealing but also performs well in search results, helping them reach more customers and grow their business."

One of the standout features of the new website is its mobile responsiveness. With more people accessing the internet via smartphones and tablets, it was essential that the Function4 site provides a seamless experience across all devices. ASTOUNDZ ensured that the website is fully responsive, meaning it adapts perfectly to any screen size, from desktops to mobile phones.

"A great user experience is about more than just design," said Patsouras. "It's about making sure that our customers can access our services wherever they are, on whatever device they're using. The new website does exactly that."

As Function4 continues to expand its services and reach new markets, the new website provides a strong foundation for future growth. The site's backend is built to support ongoing updates and additions, allowing Function4 to keep its content fresh and relevant. This flexibility ensures that the website will continue to serve the company's needs as it grows and evolves.
