Volume Discount Announced On Sleep Mask By PrimeEffects

January 11, 2016

January 11, 2016 - PRESSADVANTAGE -

Today PrimeEffects announced a volume discount on their Amazing Sleep Mask. This discount will apply at checkout to items purchase on Amazon, and will increment in value depending on the number of items purchased. The Amazing Sleep Mask is an adjustable contoured sleep mask with an included set of ear plugs for reduction of ambient sound. PrimeEffects is a consumer products company the delivers specialty products in the fields of safety and health.

"We're announcing this discount for the sleep mask," says PrimeEffects CEO and founder, Philip Jepsen, "and you can certainly take advantage and buy multiple masks at a great discount, but this volume discount also applies to all our qualifying PrimeEffects products."

The Amazing Sleep Mask is designed to effectively block light, with an emphasis on the typically difficult to cover areas around the bridge of the nose and the upper bones of the cheeks around the eyes. These areas are sources of light seepage on most masks, but the updated mask covers these areas with increased contouring and upgraded, lighter material. The new material breathes and remains cool against the skin, reducing or preventing sweating. It can be worn with makeup. The adjustable slider strap fits head sizes

from small child to double XL adult, and holds the mask in place, even during the tossing and turning of sleep.

"This is a quality mask," says Mr. Jepsen. "It's based on our prior mask which was a best-seller on Amazon, and incorporates improvements based on customer feedback. This one blocks more light, is actually lighter, and adjusts more easily and comfortably than the last."

The Amazing Sleep Mask is available on Amazon with a volume discount. The discount codes are given under the Special Offers and Product Promotions section of the Amazon product page.
