The Ultimate Flooring Launches Premier Restoration Service in Putney

September 03, 2024

London, England - September 03, 2024 -
The Ultimate Flooring is excited to introduce a new service aimed at flooring restoration in the Putney area. This new addition highlights the company's dedication to providing top-quality flooring solutions for both homes and businesses.

With over 25 years in the industry, The Ultimate Flooring has built a strong reputation for its wide range of offerings like restoration, engineered wood flooring, solid wood flooring, vinyl flooring, laminate flooring, floor sanding, and floor fitting. This new service aims to bring a high standard of flooring restoration to Putney, revitalizing old and damaged floors to their former beauty and strength.

The Ultimate Flooring Comapny - Flooring Restoration Putney service is all about restoring existing floors to look brand new. The process starts with a detailed assessment, followed by careful restoration, sanding, and refinishing. This ensures a seamless job without the mess of dust. This service is a cost-friendly option for those who want to upgrade their spaces without completely replacing their floors.

"We are thrilled to bring our services to Putney with a special focus on flooring restoration," said Shafique Dossa, CEO of The Ultimate Flooring. "Our team is committed to using top-notch materials and techniques to make sure our clients' floors look as good as new."

Besides restoration, The Ultimate Flooring offers various flooring options like engineered wood, solid wood, vinyl, and laminate flooring. Each type has its own benefits tailored to the client's needs. For example, engineered wood flooring is known for its stability and resistance to moisture and heat, making it perfect for areas with changing temperatures. Solid wood flooring, on the other hand, provides durability that lasts for years.

The company's floor sanding service enhances the restoration process. Sanding takes off the top layers of

finish, revealing the fresh wood beneath and getting it ready for refinishing. This method not only removes scratches and stains but also extends the floor's life.

The Ultimate Flooring also offers floor fitting services to ensure perfect installation of new floors. They work with various materials from wood to vinyl and laminate, serving both homes and businesses. Their team of experts focuses on every detail during installation.

"Our aim is to provide high-quality flooring that boosts the value and look of any property," Shafique Dossa added. "With our new restoration service in Putney, we are confident we will exceed our customers' expectations."

From a free initial site survey and fee quotation to the final stages of installation and finishing, The Ultimate Flooring manages every step to ensure customer satisfaction. The company also provides a 25-year product guarantee on selected products, showing their promise of quality.
