In addition to their impressive tile options, Iconic Tiles also has a variety of timber flooring choices. These include pre-finished solid timber, hybrid flooring, laminate flooring, and engineered timber flooring. These options are known to add a warm and natural look to any room. For those seeking a more classic feel, the company offers natural stones such as marble, granite, and limestone, which work well for both floors and walls.

Iconic Tiles recognizes the importance of kitchen features, too. They supply various kitchen sinks in several designs and materials. Their bathware range is extensive, including toilets, taps, accessories, basins, shower stations, mirrors, floor grates, bathtubs, shower screens, and vanities. Additionally, the company offers tiling tools like grouts and silicone to assist with installation.
