Experience Ultimate Relaxation: Olympia's New Massage Chairs Havens Now Open in Australia

September 04, 2024

September 04, 2024 -
Olympia Massage Chairs has launched new experience havens in Queensland, Victoria, and New South Wales, Australia. These locations let customers test out their luxurious massage chairs in person. Olympia Massage Chairs is known for providing top-quality, luxury massage chairs and portable relaxation devices designed to enhance comfort and promote wellness.

Customers can explore a wide range of massage chairs, including models like Bliss XO, Therapi +, Alpha X, Zeus Athletica, DaVinci, and ROBO. Each chair is designed to meet different needs, such as relieving muscle tension, easing pain, and improving blood circulation. For those who need relaxation on the go, the company offers portable products like the Body Boost Massage Gun and Vita Zen Foot Massager.

The new experience havens provide a unique chance to try these products in a calm setting. Shoppers can feel the benefits of the ergonomically designed chairs and determine which one best fits their lifestyle. This in-person interaction aims to blend the convenience of online shopping with the need to physically experience the massage chairs ahead of making a purchase.

"We are excited to offer customers a chance to experience our massage chairs in person," said the Sales Manager at Olympia Massage Chairs. "These experience havens are designed to provide a tangible, relaxing environment where customers can fully appreciate the comfort and wellness benefits our products offer."

In addition to the experience havens, Olympia Massage Chairs offers several after-sales services. These include a Buy Now, Pay Later option for financial ease, an Olympia Owners' Club for loyal customers, and a Money Back Guarantee for those who are not satisfied. The company also provides a Premium Delivery service and a Platinum Warranty for added peace of mind.

Olympia Massage Chairs is committed to promoting wellness and comfort through a wide range of luxury massage chairs and portable devices. "Our goal is to ensure every customer finds the comfort and relief they need," said the CEO of Olympia Massage Chairs. "We believe these experience havens will bridge the gap

between online shopping and the need to experience the product firsthand."

Beyond the massage chairs, Olympia offers a wellness blog and information about the National Disability Insurance Scheme (NDIS) to assist those who need extra support. The company encourages customers to learn more about their brand story, check out FAQs, and consider career opportunities within the company.

The store locations in Queensland, Victoria, and New South Wales include detailed addresses, operating hours, and a link to reserve an experience. The company recommends booking an appointment for a VIP experience, giving customers time to interact with a knowledgeable staff member one-on-one.

Olympia Massage Chairs has been featured in publications like Westfield and Vogue, and on shows like Today and Nine. The company has also collaborated with brands such as Disney, Lamborghini, and ItalDesign. They offer a 60-day guarantee, express delivery and white-glove installation, and a 5-year warranty on their products. Customers can reach the company via email or phone and book a demo online.

Olympia Massage Chairs aims to give a personalized wellness experience with their luxury massage chairs and portable devices. With the new experience havens, they hope to help customers make well-informed decisions that will greatly improve their daily lives.
