

Unlocking The Body Unveils Exciting Massage Specials in Puyallup; Free Add-Ons for New Clients

December 11, 2024

December 11, 2024 - PRESSADVANTAGE -

Unlocking The Body Massage Therapy has announced a special promotion to welcome new clients with free add-ons. These massage specials in Puyallup include a complimentary Cupping, Gua Sha, or Aromatherapy add-on when you book a 60, 90, or 120-minute Massage Therapy session. This offer showcases the clinic's dedication to improving the client experience while promoting long-term wellness.

Unlocking The Body, situated in Puyallup, Washington, offers a variety of services designed for pain relief and overall well-being. Some of their key services include Medical Massage Therapy, often recommended by doctors for specific conditions, and Long or Post Covid Care for symptoms like fatigue and muscle pain resulting from COVID-19.

Jennifer Bull, the owner of Unlocking The Body, shares, "We're thrilled to offer these complimentary add-ons as part of our massage specials in Puyallup. This is a chance for new clients to try additional treatments that can greatly enhance their wellness journey. Our team is committed to providing personalized care that caters to each person's unique needs."

The clinic also offers specialized therapies such as Ashiatsu Massage, a barefoot technique using deep compression strokes, and Breast & Chest Massage aimed at improving health and well-being, especially for breast-related conditions. They also provide Cosmetic Surgery Lymphatic Drainage, promoting the natural drainage of the lymph system to reduce swelling and aid recovery after surgery.

Another unique service at Unlocking The Body is Craniosacral Therapy. It's a gentle, hands-on treatment meant to evaluate and improve the craniosacral system, which includes the membranes and cerebrospinal fluid around the brain and spinal cord. Cupping Therapy, an ancient technique using special cups to create suction on the skin, is available for pain relief, reducing inflammation, and better blood flow.

Gua Sha Therapy involves scraping the skin with a massage tool to boost circulation. Hot Stone Massage uses heated stones placed on the body to relax muscles and reduce tension. Intraoral Massage Therapy targets problems like TMJ dysfunction and chronic headaches through techniques applied inside and outside the mouth.

Unlocking The Body also offers Kinesio Taping, a technique that supports muscles and joints without limiting movement. Lymphatic Massage for Chronic Conditions helps remove bodily waste and toxins. Their Prenatal Massage caters to the unique needs of pregnant women, providing relief from various pregnancy-related discomforts.

Reflexology uses gentle pressure on specific points on the feet, hands, or ears to boost overall health. Reiki, an energy healing practice from Japan, aims to transfer universal energy from the practitioner's hands to the client. Relaxation Swedish Massage, common in the West, is great for first-time spa-goers or those who don't get massages often.

Thai Yoga Massage combines stretching and deep massage, performed on the floor, allowing full movement in comfortable clothes. VA Community Care is a vital service at Unlocking The Body, helping veterans who can't get certain types of care at VA medical facilities. AIS Active Isolated Stretching offers dynamic and facilitated stretching for major muscle groups.

For massage therapists aiming to extend their expertise, Unlocking The Body also provides Continuing Education programs.

Besides massage therapies, the clinic sells hand-poured soy candles and massage gift certificates, which can be bought online, via email, phone, or in person. These candles are made with clean-burning fragrances and essential oils for a relaxing atmosphere at home.

Unlocking The Body supports clients dealing with car accidents or work injuries. They assist clients in

navigating insurance claims and receiving the care they need. The clinic accepts various insurance carriers, including Personal Injury Protection (PIP) for car accidents, work-related injuries (L&I), Amazon, WA Teamsters Union, and Community Health Plan of Washington through Apple Health (Medicaid). However, they are currently out of network with Regence Blue Shield and are not taking bookings from First Choice and Kaiser SEBB.

Jennifer Bull adds, "Dealing with the aftermath of an accident or work injury can be stressful. Our team's dedication to helping clients through these processes lets them focus on recovering. We emphasize personalized care and our clients' overall well-being."

Unlocking The Body is open from Monday to Saturday with flexible hours. To book an appointment or get more information, clients can contact the clinic at 253-970-8256 or email info@unlockingthebody.com.

For more details on the current promotion and other services, visit Unlocking The Body's website.
