

Hamilton Darcey Expands Party Walls Services to Holland Park and Kensington Residents

September 18, 2024

London, UK - September 18, 2024 -

Hamilton Darcey LLP is excited to announce the expansion of its Party Walls London services to better serve residents in Holland Park and Kensington. The company focuses on managing all aspects of party walls, ensuring everything is in line with the Party Wall etc. Act 1996. With this expansion, Hamilton Darcey - Party Walls Holland Park is set to offer residents extensive help with their renovation projects that involve shared walls.

Party walls are structures that lie on the boundary line between two properties. They can become points of conflict during renovation or building projects. Hamilton Darcey LLP provides a variety of services to manage these complexities. They draft and serve different types of notices including Line of Junction notices, Notices of Adjacent Excavation, and Party Structure Notices. They make sure all notices are served correctly to avoid potential legal issues later on.

If there's a dispute between neighboring property owners, Hamilton Darcey LLP offers impartial surveyors who can mediate and create a Party Wall Award. These awards outline the rights and duties of each party, ensuring a fair and clear resolution. The company aims to make the process as smooth and transparent as possible for everyone involved.

"We're thrilled to expand our services in Holland Park, Kensington," said Chris Cooper, a representative from Hamilton Darcey LLP. "Homeowners and builders need to know their rights and responsibilities under the Party Wall etc. Act 1996. Our team is committed to making this process easy to understand."

The company also offers a free initial consultation to help clients understand the necessary steps and requirements for their projects. This first meeting allows project owners to ask questions and better understand how to handle the legal aspects related to party walls.
