

## **Go Industries Announces Best Winch for Truck Enthusiasts: Introducing the Mile Marker SEC15**

*September 25, 2024*

Richardson, TX - September 25, 2024 - PRESSADVANTAGE -

Go Industries Inc. is excited to announce the release of the new Mile Marker SEC15 Winch, perfect for Jeep, truck, and SUV fans. This winch boasts a powerful 15,000 lb pulling capacity, making it ideal for off-road trips and tough driving situations.

There are two versions available: the Steel Cable Version and the Synthetic Rope Version. The Steel Cable Version comes with a 79' steel cable and a roller fairlead. The Synthetic Rope Version includes a 3/8" x 72' synthetic rope and an anodized aluminum hawse fairlead. Both versions have marine-grade remote control connectors and a strong 6.8 HP motor for dependable performance.

The CEO of Go Industries, said, "The SEC15 is designed to offer top-notch performance in the toughest conditions. It's compact, lightweight, yet extremely powerful, making it an excellent choice for off-road enthusiasts."

Both versions are fully sealed and submersible, so they can handle water, mud, and snow. They also feature rugged planetary gear sets, fast line speeds, a submersible 400 Amp solenoid, an automatic load-holding brake, and corrosion-resistant stainless steel fasteners. These features make the winch durable and reliable in even the toughest conditions.

The winch easily fits a variety of vehicles, including Jeeps, trucks, and SUVs. Its compact and lightweight design makes installation straightforward, and its powerful motor ensures it can handle heavy loads without a problem.

The Product Manager at Go Industries, added, "Our focus with the SEC15 winch is to provide a robust, reliable solution for anyone needing to handle demanding recovery tasks. When considering the best winch for truck usage, the SEC15 stands out due to its versatility and durability."

For those looking for more details about the Mile Marker SEC15 Winch, including specs and pricing, visit the Go Industries website. The winch is priced between \$1,050.00 and \$1,299.00, depending on the version. The website also offers product instructions, warranty information, and helpful videos.

Besides the Mile Marker SEC15 Winch, Go Industries has a variety of truck accessories to improve and protect trucks. This includes grille guards, bumper replacements, airflow tailgates, headache racks, mud flaps, and steps. All these accessories are made to provide reliable protection for both the front and back ends of trucks.

The company also offers specialized equipment for law enforcement vehicles, with specific accessories for Chevrolet, Dodge, and Ford. This includes items like skid plates. Moreover, Go Industries offers custom manufacturing services, allowing customers to get products tailored to their exact needs.

Since 1978, Go Industries has been delivering high-quality products and excellent service from its base in Richardson, Texas. The company has achieved Platinum Status with the Specialty Equipment Market Association (SEMA), showing its dedication to top-tier service and product quality.

To make purchases easier, Go Industries accepts various payment methods, including cryptocurrencies. Potential customers are encouraged to visit the website to learn more and place their orders conveniently.

The release of the Mile Marker SEC15 Winch shows Go Industries' commitment to providing innovative solutions that meet their customers' needs. With its advanced features, this winch is a great addition to their product lineup, perfect for both casual off-road users and professionals who need reliable performance.

For more details and to buy the Mile Marker SEC15 Winch, visit Go Industries' product page. This winch could be a great asset for anyone needing strong, reliable pulling power, making it one of the best options for truck applications.
