Leven Rose, a business in Colorado Springs, CO, is proud to announce that their organic jojoba oil for hair growth has received almost 5,000 reviews on Amazon. The product is therefore a five star product, with thousands of people describing the benefits that they have experienced through it. The pure jojoba oil is also available through the company's website at <http://www.levenrose.com/products/jojoba-oil>.

Courtney Olson from Leven Rose says: "We're thrilled to hear all of the personal stories from our customers of the life-changing skin improvement they're experiencing. We're fortunate to have the best customers and we've collected a list of the various uses for organic jojoba oil. While originally designed for hair growth and acne healing, it has many other uses that many people have yet to discover."

The company's new blog post on the different jojoba oil uses has proven to be very popular. While they have listed 100 uses for jojoba oil, they have also asked customers to share ways in which they have used the oil. This type of customer interaction is something that Leven Rose has long been famous for. They have been encouraging customers to upload selfies of themselves using the oil for quite some time, and many people have responded, going above and beyond the positive reviews on the jojoba oil benefits that are left on

Amazon.

The organic jojoba oil may have helped many people increase the quality of their hair and skin. "Unfortunately I'm prone to breakouts on my face and body when I use lotions," says one happy customer. "This jojoba oil does not clog my pores or break me out. It has helped balance my skin by keeping it moisturized and non-oily. It tricks my skin into thinking that it's produced enough sebum (our natural oil). I absolutely love it."

Leven Rose is currently offering a free travel bottle of jojoba oil to those who sign up to their newsletter. This offer is available for a limited time only so people are encouraged to sign up as soon as possible so as not to miss out. Full details about the offer are available on the company's website.
