On October 30th, from 9 AM to 6 PM, at 7329 Shallowford Rd, Chattanooga, TN 37421, the center will host a Bottega Veneta & Gucci frame show with a unique twist: a theme inspired by the popular musical Wicked. “The collaboration between Crowder Eye Center and Bottega Veneta and Gucci allows us to showcase eyewear that combines craftsmanship with cutting-edge fashion,” Dr. Crowder added. “We have over a thousand frames to show off and a staff that loves working with customers to pick out the perfect pair. Set to the Wicked theme, we’re hoping to make eyewear shopping with this exclusive eyewear brand a fun, engaging experience. It’s about having fun with customers and giving them an exceptional experience, and we’re ready to prove it on October 30th.”
