

Revonah Pretzel Launches Brand New Website

January 22, 2016

January 22, 2016 - PRESSADVANTAGE -

Revonah Pretzel, a business in Hanover, PA, has announced that they have launched their new website on the evening of January 13, 2016. The new site clearly highlights everything that the pretzel company stands for. It also enables people to place an order for their favorite pretzels through the site. The new website has already attracted quite a number of views.

Kevin Bidelsbach from Revonah Pretzel says: "Our business was started in 1935 and we have been hand rolling our pretzels ever since. While we stand for traditional values, and traditional ways of making the best pretzels in the world, we did feel that having a website presented a number of benefits. We love how our website looks and are thrilled about what it can do for our business. We can't thank our design team enough for turning our vision into a reality."

Before the launch of the new website, the business already had a Facebook page, where they showcased their sourdough hard pretzels. This page on Facebook has already received a substantial number of 'likes' and people are taking the time to review the company and its products as well. "Lived down the street from the factory as a young person," says Ron G. "Have been back many times since and love their pretzels. They make a pretzel roll too that is to die for. Have ordered by Internet and phone and have pretzels sent to us all over the country."

The company prides itself on the fact that all their pretzels are handmade every day. They have built a reputation within their community as being the only true pretzel maker, and people who have tried one tend to remain loyal customers. Thanks to the new website, people can clearly see the various options that are available to them and they can place their orders and have the pretzels delivered straight to their door.

For Revonah Pretzel, each pretzel is a masterpiece of bakery. They still use the same, original, and secret sourdough recipe that was used when they first started the company. They look forward to many more years in business.
