BORREGO SPRINGS, CA - November 13, 2024 - PRESSADVANTAGE -

Anza-Borrego Desert Offers Fall Adventures and Comfortable Retreats

Borrego Springs, CA ? With the arrival of cooler fall temperatures, Anza-Borrego Desert State Park is a prime destination for those eager to explore its diverse landscapes. This November, the Anza-Borrego Foundation (ABF) presents a series of fall events, inviting outdoor enthusiasts, nature lovers, and adventurers to connect with the beauty and biodiversity of the desert. From guided bike tours to intermediate off-road adventures and a special Environmental BIPOC Camp Out, these events offer unique insights into the desert's natural wonders.

For those seeking a comfortable retreat after a day of desert exploration, Divine Desert Destination offers a luxurious 2,080 sq. ft. desert home within the exclusive De Anza Golf and Country Club. Designed with style and comfort in mind, this retreat features 10-foot ceilings, expansive glass walls for 180-degree views, and a tranquil atmosphere, making it an ideal haven for visitors.

Fall Events in Anza-Borrego

Intermediate Four-Wheel Driving Tour ? November 3, 2024

Participants are invited to join an intermediate off-road tour led by experienced guides through some of the park's more rugged areas. This guided adventure offers practical tips and fascinating insights into the park's geology and ecology, enhancing the experience of tackling challenging terrain amidst scenic desert vistas.

#### Guided Bike Tour ? November 9, 2024

Cyclists can enjoy a guided tour through Anza-Borrego's scenic routes. This moderate ride provides an intimate exploration of the park's diverse ecosystems, with opportunities to learn about the unique flora and fauna. Suitable for both experienced cyclists and casual riders, the tour combines adventure with education in a spectacular natural setting.

#### Natural History of Amphibians and Reptiles ? November 15-16, 2024

This two-day program, led by herpetology experts, delves into the fascinating adaptations and ecological roles of desert reptiles and amphibians. Through a mix of classroom learning and field experiences, participants gain an up-close look at these creatures, enhancing their appreciation of desert ecology.
