Each year, the Tri-State?s Best Community?s Choice Awards recognizes over 450 businesses and organizations across multiple industries, making it a highly coveted award among the community. The

competition begins with a nomination round, where residents of the Tri-State area have the opportunity to nominate their favorite local businesses. After the nomination period, the top five in each category advance to the voting round. During this final phase, residents cast their votes, determining the winners in over 150 different categories. Both Dr. Garazo's plastic surgery center and his in-house med spa stood out among numerous contenders, earning top honors through this community-driven process.
