December 11, 2024 -

Old Charleston Painting Company LLC is expanding its painting services for both residential and commercial projects to new areas around the Lowcountry. Already known for their skilled painters, they will now serve Beaufort, Edisto, and Kiawah Island, among other locations. This expansion is set to offer high-quality painting services to more homes and businesses, making their experienced team and top-notch materials accessible to a broader audience. To explore the range of services they provide, those interested can visit their official website.

The company, known as Old Charleston Painting Company LLC in Summerville, SC, has a strong reputation for attention to detail and a customer-focused approach. They consistently receive 5-star reviews, showcasing their commitment to quality and client satisfaction. The decision to expand into new areas is due to rising demand and their desire to share their expertise with more communities.

Their painters are highly trained and offer more than just standard painting services. With skills in ceiling texture applications, drywall repair, and wood rot repairs, they provide thorough solutions for property improvement. Their focus on detail is widely praised, especially their fine finishes, which use superior materials to create unique and refined looks for both interiors and exteriors.

Both commercial and residential properties can take advantage of their services. Those interested can learn more about their commercial painting options on their website. They aim to enhance the aesthetic and value of properties with professional finishes, offering a wide range of painting solutions tailored to meet each client's specific needs. The team is dedicated to timely and premium service, ensuring every project is handled with care and precision, which leads to high-quality results.

"The expansion of our service areas is a direct response to requests from property owners who have heard about our services but were outside our previous service zones," says Bradford King, a company representative. "Our new coverage regions allow us to bring the same level of skill, professionalism, and quality to more communities across South Carolina, continuing to uphold the standards that have earned us the trust and appreciation of our clients."

Old Charleston Painting Company also provides specialized services like stucco repair, highlighted on their website, tabby concrete application, and window glazing. This wide array of services means they can handle diverse projects, ensuring that each client's vision is realized with excellence. Their skilled painters offer personalized solutions, maintaining expertise from start to finish.

The company has strategically selected new service areas to cater to both residential neighborhoods and active commercial districts, aligning with local community growth. They ensure each project meets the specific requirements of property owners, using a tailored, thorough, and innovative approach. This commitment to client satisfaction is central to their numerous positive reviews and recommendations.

"Extending our services into new areas is exciting for us as it enables more people to experience the difference of working with our dedicated crews," adds Bradford King. "Our painters are passionate about their work and take pride in seeing properties transformed by color and quality craftsmanship. This expansion is another step forward in fulfilling our mission to provide exemplary painting services throughout the Lowcountry."

With the newly expanded area of service and their wide range of offerings, Old Charleston Painting Company LLC in Summerville SC is ready to meet the needs of a diverse clientele. As they grow their presence, their commitment to maintaining high standards of quality and service remains strong. Whether it's improving a home's curb appeal or making sure a commercial property shines, their painters continue to deliver outstanding results across South Carolina.

For more information about their services and professional offerings, individuals can visit their website. They'll find customer reviews, examples of past projects, and learn more about the company's service philosophy and the regions they serve.
