

# Juggle Marketing Now Providing SEO Optimization and Web Design Services in Canmore, Alberta

*January 19, 2016*

January 19, 2016 - PRESSADVANTAGE -

While having recently launched their services in Canmore, Alberta, Juggle Marketing has already made a name for themselves in the area. Providing SEO Optimization and web design services, the company now endeavors to extend their business.

Ever since the growth of social media, SEO Optimization and web design has become an essential tool for any business to achieve success via online marketing. This has led to many new startup and small scale companies offering stellar SEO Optimization and professional web design services. One of these companies is Juggle Marketing; based in Canmore, Alberta, the company has gained a clientele in their area and has become locally renowned.

The company has helped many businesses rank their WebPages on top of Google search results in order to get more exposure. The company also claims to have professional web design experts who can create unique, eye-catching and user friendly interfaces for their clients' websites. The spokesperson for the company made a press statement regarding Juggle Marketing's work in the locality.

"Here at Juggle Marketing, our only goal is to make sure our clients get the best service possible for the amount they pay us. We have worked with a multitude of companies in Alberta to give them stellar web design and SEO services. With our help, many small businesses have gained exposure online and expanded their business tremendously," stated the spokesperson.

He further spoke about the company's expansion endeavor "We have worked with quite a few clients outside our locality as well. As we see the increasing demand for our company outside Canmore, we now plan to expand our business and work regularly for clients in cities like Calgary and Edmonton."

More details about Juggle Marketing can be seen on their official website at <https://jugglemarketing.com/>.
