Fleet Cost & Care Expands into San Francisco as Premier Fleet Consultants, Revolutionizing Fleet Management Efficiency

March 13, 2025

DETROIT, MI - March 13, 2025 -
Fleet Cost & Care, a leader in fleet management software with over 30 years of experience, has announced its expansion into San Francisco, California. Known for providing comprehensive solutions to improve fleet operations, the company is now set to boost business efficiency through its expertise as fleet consultants.

The company specializes in creating cutting-edge software and mobile applications designed to enhance the management of commercial fleets. Their services include tracking fuel consumption, monitoring driver behavior, and ensuring vehicles are properly maintained. Software solutions like NexGen and Atom offer valuable insights into fleet operations, helping businesses make decisions that can increase productivity and profitability.

"Our goal is to bring our years of expertise in fleet management to businesses in San Francisco," said Jeff Curran, CEO of Fleet Cost & Care. "As fleet consultants, we're dedicated to helping our clients achieve greater efficiency and success in managing their fleets."

One standout feature from Fleet Cost & Care is its mobile application, which allows business owners to manage their fleets remotely. This app helps track and report important data, making it a must-have for companies seeking flexibility and control over their operations.

Fleet Cost & Care shows a clear commitment to customer success through a wide range of services. The company provides thorough training and support to ensure clients can effectively use their software. By integrating their applications with existing accounting systems, they streamline processes such as invoicing and payroll, making these tasks quicker and more efficient.

Besides fleet management software, Fleet Cost & Care offers crane management, safety solutions, and sales support. These services help companies cut operation costs, boost profit margins, and standardize processes. The company also helps organizations do away with standalone systems to improve efficiency.

"Our commercial fleet consultants are deeply invested in the success of our clients," Curran added. "We provide tailored services to meet the specific needs of each business, ensuring they receive the best possible solutions for managing their fleets."

The integration capabilities Fleet Cost & Care offers allow for a smooth operation alongside clients' existing systems. This is a key feature for businesses looking to enhance their current setups without needing a complete overhaul.

As commercial fleet consultants, the company offers insights and strategies that can significantly impact an organization's bottom line. Fleet Cost & Care's expertise not only helps businesses maintain their vehicles but also keeps operations strategically aligned with their goals.

Throughout various social media platforms like Facebook, Twitter, LinkedIn, and YouTube, Fleet Cost & Care stays engaged with its audience, providing updates and insights into fleet management trends. Their online presence is further boosted by the availability of their mobile app on both the Google Play Store and Apple App Store, making their tools accessible to a wide audience.

Businesses interested in discovering what Fleet Cost & Care offers can visit their website to explore their services as fleet consultants. The website also provides options to schedule demos, sign up for updates, and get in touch with the company.
