Cottonwood Heights, UT - Pet-Wellness-Update.com, a popular pet blog that shares general information regarding the well-being of a variety of different pets, recently posted a humorous blog post featuring SUN Urine Odor Remover.

The blog post featuring SUN Urine Odor Remover, told the funny story of when the blogger who wrote the article went to visit a friend and upon entering the home, she could smell cat urine. ?As soon as I walked in the door, there was this strong smell of cat pee?the smell was overwhelming.? The blogger goes on to say that she was invited over for dinner but could not eat, instead wanted to vomit. ??what was I supposed to say? Your house smells like cat pee and I think I want to vomit?...?

The problem with urine odor removal products is that many of them do not clean at a professional grade, but simply clean at a surface level and try to put a fragrance on it. Wiping urine away with soap and water will not remove the smell. One needs to find a pet urine odor remover that binds to and absorbs odors at the molecular level.

The blogger goes on to state that she has a small dog that just happened to urinate on the floor and from a recommendation of a friend, tried the SUN Urine Odor Remover. The blogger shared that she mixed the concentrated solution into a smaller spray bottle and sprayed and wiped cleaned the spot twice and after that, the problem was solved. ?I sprayed it on the spot she peed on, and wiped it with a sponge. Then I let it dry, and honestly, the smell was gone!?

The blog post concludes with soliciting help from readers on how to politely tell her friend that she needs to get herself a bottle of the SUN Urine Odor Remover for her urine odor removal solution.

?We love this blog post and glad that she found the solution to her problem with our SUN urine odor remover. In regards to how she casually suggests it to her friend that needs it, hmm good question, I will have to think about that one! ? said Jane, a company representative.

SUN Urine Odor Remover can be found on Amazon.com in 1 quart concentrated bottles that can make 2 quarts of urine odor remover solution backed by a money back guarantee.
