December 17, 2024 - PRESSADVANTAGE -

Greensboro, NC, ? Oscar Oglethorpe, a premier destination for unique and independent eyewear, is thrilled to announce a special promotion for the holiday season. As the end of the year approaches, customers are encouraged to maximize their vision benefits and refresh their style with a Buy One Pair, Get One 25% Off promotion on the curated collection of designer frames. Featuring innovative brands like Etnia Barcelona, I.a.Eyeworks, and Studio Optyx (Erkers and Neighbors collections), Oscar Oglethorpe offers a selection as distinctive as the individuals who wear them.

Maximizing Vision Benefits Before They Expire

The "use it or lose it" reminder highlights the importance of making the most of any remaining Flexible Spending Account (FSA) or Health Savings Account (HSA) funds. These benefits can be applied toward prescription glasses, lenses, and sunglasses, creating the perfect opportunity to upgrade eyewear. With most FSA and HSA plans not rolling over into the new year, acting quickly is essential before those dollars

disappear.

"UIOLI isn't just about eyewear; it's about empowering customers to maximize their vision and style with savings that make a difference," said Calvin Presnell, Oscar Oglethorpe's spokesperson. "The end-of-year campaign highlights the value of using benefits to invest in high-quality, independent eyewear that reflects individual personality and needs."

"The frames available at Oscar Oglethorpe are more than just functional; they reflect personal style and identity," added Presnell. "By offering designs from independent brands, the boutique provides eyewear that stands out in quality, design, and originality."

Shopping at Oscar Oglethorpe is also an opportunity to support independent designers and local businesses.
