

Soulmutts Toronto Ltd. Introduces Enhanced Safety Standards with State-of-the-Art HEPA Air Filtration for Play Spaces

January 09, 2025

TORONTO, ON - January 09, 2025 -

Toronto, ON ? Soulmutts Toronto Ltd., a trusted leader in premium dog care since 2008, proudly announces the implementation of enhanced safety standards by adding professional-grade HEPA air filtration systems. Renowned for its exceptional dog boarding services in Toronto, this cutting-edge upgrade underscores Soulmutts? commitment to providing the safest and most comfortable environment for dogs in Leslieville and downtown Toronto.

Renowned for offering a wide range of services?including daycare, boarding, grooming, and walking?Soulmutts has long been a pioneer in the pet care industry. By integrating state-of-the-art air purification technology, the company continues to set new standards in dog care. It offers pet owners peace of mind knowing their furry friends are playing and resting in a clean, healthy space.

?Our dogs deserve the very best, and that starts with the air they breathe,? said the CEO of Soulmutts

Toronto Ltd. ?Installing HEPA air filtration systems throughout our facilities reflects our dedication to health, safety, and overall well-being. We believe in taking every possible measure to ensure that the dogs under our care are in a truly optimal environment.?

HEPA (High-Efficiency Particulate Air) filters are designed to remove up to 99.97% of airborne particles, including allergens, bacteria, and dust. This upgrade significantly enhances air quality in Soulmutts? 4,500 sq. ft. indoor play areas, providing a safer space for dogs to socialise, play, and rest.

Soulmutts? dedication to health and safety doesn?t end with clean air. Their facilities are custom-built to cater to dogs of all sizes, temperaments, and needs. The company provides various services, from daycare and overnight boarding to professional grooming and walking services, all carried out with the utmost care and attention by a team of trained pack leaders.

The custom-designed feeding room with individual feeding stalls ensures that every dog receives personalised care during mealtime. Additionally, small dogs can have private play areas or interact with the full pack, depending on their comfort levels. Soulmutts also conducts careful trial assessments for all new dogs, ensuring that each is well-socialized and a perfect fit for the pack.

?Our team?s goal is to provide a safe, happy, and engaging environment for every dog we care for,? said the Operations Manager. ?This new air filtration system is just another step in delivering on that promise.?

Soulmutts has long been a trailblazer in the pet care industry. Its facilities feature both expansive indoor and outdoor play areas, with the largest private outdoor dog park in downtown Toronto at 4,500 sq. ft. This commitment to innovation and excellence has earned Soulmutts glowing reviews from clients, with over 400 positive online testimonials and recognition from industry leaders.

In addition to facility upgrades, Soulmutts emphasises convenience for pet owners. The company offers year-round service, flexible drop-off and pick-up times and customised Mercedes-Benz Sprinters for safe and comfortable transportation. These vehicles are specifically outfitted to ensure every ride is smooth and stress-free for dogs and their owners.

About Soulmutts Toronto Ltd.

Since its founding in 2008, Soulmutts Toronto Ltd. has been dedicated to providing top-tier dog care services in Leslieville and downtown Toronto. Fully insured, bonded, and a member of Pet Sitters International, the company has built a reputation for quality, safety, and personalised attention to every dog it serves. Its team of full-time, trained pack leaders brings experience and love to every interaction, ensuring that dogs are treated like family.

Soulmutts continues to innovate with offerings such as holiday dog boarding, grooming services, and walking programs. Its facilities are a haven for dogs and a reflection of the company?s passion for excellence in pet care.
