January 19, 2016 - PRESSADVANTAGE -

Estepona SP - Marbella Real Estate agents Fab Property Spain and CEO Julie Bett are pleased to announce the opening of its new office in the village of Benahavis.

The village of Benahavis is one of the wealthiest in Spain and boasts many high value properties. Its location approximately seven kilometres from the coast and its many activities make this an appealing area to own property. FAB Property Spain has added the new premises in order to better serve those individuals looking for investment properties or for a holiday home in the part of the Costa Del Sol. FAB Property Spain is a real estate company that specialises in property for sale in Marbella, Estepona and Benahavis.

Benahavis is particularly noted for its restaurants, location and sporting activities. There are well-known golf courses and property developments in the Benahavis area, including Los Flamings, El Madronal and La Zagaleta. The region also boasts La Quinta, Marbella Club Golf, Los Arqueros and Atalya.

Even though the real estate market in Spain has gone through some struggles in the past few years, prices in Benahavis, Marbella and other Costa del Sol locations are on the rise again with interest from buyers on the increase. This factor makes ownership and investment in the area now an investment for the future. By increasing the presence in Benahavis, FAB Property Spain hope to be able to provide a more convenient service to buyers and sellers in this popular area.

For prospective homeowners or investors, FAB Property have a team of experienced and knowledgeable experts available to help with any inquiries and comprehensive portfolio of properties on their website which are currently available.
