

Go Industries Inc. Unveils Powerful Mile Marker SEC15 Winch for Adventurers and Professionals

January 17, 2025

Richardson, TX - January 17, 2025 -
Go Industries Inc., a familiar name in truck accessories and custom manufacturing, has added the Mile Marker SEC15 Winch to its products. This winch, praised for its compact design and strong performance, is made to meet the tough demands of both adventure lovers and professional users. Capable of pulling up to 15,000 pounds, it's perfect for Jeep, truck, and SUV enthusiasts who need reliable performance for their off-road adventures. With its winch 15000 lb capacity, it's particularly useful for those needing strong, trustworthy towing power.

The Mile Marker SEC15 Winch is available in two versions, each catering to different preferences. The Steel Cable Version comes with a 79-foot steel cable and roller fairlead, ensuring durability for the most challenging jobs. On the other hand, the Synthetic Rope Version includes a 3/8-inch by 72-foot synthetic rope with an anodized aluminum hawse fairlead. This version is designed for lighter use without compromising on strength or resilience. Each version is equipped with marine-grade remote control connectors and a 6.8 HP series wound motor, providing reliable performance even in difficult conditions.

The SEC15 winch is known for its versatility and is built to handle harsh elements. It's fully sealed and waterproof, keeping mud and snow at bay. With rugged planetary gear sets, fast line speeds, and a submersible 400 Amp solenoid, it's ready for the most demanding off-road tasks. Go Industries ensures that their products are dependable, featuring an automatic load-holding brake and corrosion-resistant stainless steel fasteners.

"As a company with decades of expertise in vehicle accessories, we are thrilled to present the Mile Marker SEC15 Winch," stated a representative from Go Industries. "Our focus has always been on combining quality, durability, and performance?a trio that is evident in this winch model. We believe it will cater well to the diverse needs of our customers, from leisure adventurers to professionals requiring robust equipment."

This winch launch fits with Go Industries' tradition of providing quality accessories for trucks and law enforcement vehicles. By serving a variety of customers, the Mile Marker SEC15 Winch complements other popular products like grille guards, truck brush guards, and specialized police equipment.

This new launch highlights Go Industries' dedication to innovation and customer satisfaction. By broadening their range, the company not only reaches more customers but also bolsters its reputation for producing high-quality, functional products.

Besides the Mile Marker SEC15 Winch, Go Industries continues to focus on providing comprehensive solutions for custom manufacturing needs. Customers from various fields can still rely on the company for customized manufacturing services, enhancing their vehicles with unique designs and enhancements. With their ongoing product expansion, Go Industries reinforces its role as a one-stop shop for truck and law enforcement accessories. For more detailed information on their range of services and products, customers can visit their official website to explore the extensive options available.

To get more information about the Mile Marker SEC15 Winch and check out its specifications, visit the official product page. This page provides detailed insights into the product's features, benefits, and pricing, positioning it as a top choice for serious off-road enthusiasts.

"We understand the importance of delivering versatile, high-performing products that meet and exceed our customers' expectations," added the Go Industries representative. "The Mile Marker SEC15 Winch is an embodiment of our commitment to excellence, and we're proud to offer such a resilient solution to our dedicated customers."

Whether opting for the steel cable or synthetic rope version, both adventurers and professionals can count on the Mile Marker SEC15 Winch to fulfill their challenging demands. Priced between $1,050.00 and $1,299.00,

this winch fits a variety of budgets while maintaining the quality and performance Go Industries is known for. Those interested can visit the specific product page.

As Go Industries pushes the limits in the truck accessory market, customers can expect further innovations and improvements that align with their adventurous lifestyles. Adding the Mile Marker SEC15 Winch to their lineup ensures that customers have access to a reliable and powerful solution, backed by its winch 15000 lb pulling capability.
