

Brooks Eye Associates Welcomes Dr. Connor Smith, Glaucoma Specialist & LASIK Surgeon

January 07, 2025

PLANO, TX - January 07, 2025 - PRESSADVANTAGE -

PLANO, TX - Brooks Eye Associates is proud to announce the addition of Dr. Connor Smith, M.D., a highly skilled glaucoma specialist and LASIK surgeon, to their team in Plano, Texas. Dr. Smith brings extensive training and expertise in managing routine and complex cases of glaucoma, cataract surgery, and LASIK procedures. His addition to the practice further reinforces Brooks Eye Associates' commitment to providing world-class eye care.

"As glaucoma often progresses without symptoms, I believe in empowering patients with knowledge and options tailored to their unique needs, so that they can make decisions that work for them," said Dr. Smith. "Joining Brooks Eye Associates allows me to work with an exceptional team and offer advanced care that makes a real difference to the local community."

Dr. Smith completed his Doctor of Medicine at the University of Texas Southwestern (UTSW) Medical Center in Dallas. He pursued advanced glaucoma training through a renowned Dean McGee Eye Institute fellowship. His specialties include minimally invasive glaucoma surgeries (MIGS), laser treatments, and cataract surgery. Known for his patient-centered approach, Dr. Smith is passionate about educating patients on glaucoma's silent progression and treatment options, empowering them to make confident, educated decisions about their visual health.

Beyond his professional accolades, Dr. Smith emphasizes minimally invasive techniques to deliver effective results, focusing on patient comfort and long-term vision health. His expertise in advanced procedures such as MIGS enables him to offer tailored treatment plans for glaucoma patients who need precision and care to manage their condition effectively, with confidence that their visual health is in capable hands.

In addition to providing expert care, Dr. Smith prioritizes building trust and long-term relationships with his patients. He works to create an atmosphere where patients feel heard, understood, and actively involved in their treatment plans. This philosophy is integral to his practice, as he believes that effective communication is the foundation of successful outcomes in eye care.

Dr. Smith's approach extends beyond the clinic. In addition to spending time with his wife and their 10-year-old dog, Ty, he volunteers actively with youth mentorship programs, including Forerunner and his church's preschool ministry. A lover of outdoor activities like running, hiking, and sports, Dr. Smith blends his professional expertise with a well-rounded, personable approach to patient care.

Brooks Eye Associates, recognized for delivering comprehensive vision and eye health solutions, is thrilled to welcome a practitioner of Dr. Smith's caliber. His addition comes as the practice continues its mission to provide personalized, high-quality eye care services to patients across Plano and the surrounding areas.
