

Go Industries Launches Durable Work Truck Boxes to Boost Vehicle Utility and Safety

January 21, 2025

Richardson, TX - January 21, 2025 -
Go Industries Inc. is excited to announce the launch of their new work truck boxes, designed to offer durable and secure storage for various tools and equipment. These boxes highlight Go Industries' ongoing commitment to improving the utility and safety of work vehicles. Based in Richardson, Texas, the company has been providing innovative solutions for trucks, law enforcement, and custom manufacturing since 1978.

For those interested in exploring Go Industries' extensive array of truck accessories and law enforcement vehicle gear, visit their company website at goindustries.com. This platform offers detailed insights into their product offerings and services, including custom manufacturing solutions.

The latest work truck boxes are crafted for easy installation, making them perfect for the ever-changing needs of today's work environments. Made from strong 14-gauge steel with a rust-resistant powder coating, these boxes ensure reliable underbody storage. Their design, featuring perforated metal sides, helps keep dirt out, resulting in a cleaner storage space. With versatile mounting options, these boxes blend functionality with

style, fitting seamlessly into any work truck setup.

"We're thrilled to introduce our new line of work truck boxes," said a spokesperson for Go Industries. "Our team has focused on creating a product that doesn't just serve a practical purpose but also enhances the overall experience of using work trucks daily. We understand the need for sturdy and dependable storage solutions, and these boxes certainly meet those needs."

A highlight of the new lineup is the 79636 Underbody Truck Tool Box, priced at $385.00. Known for its heavy-duty build, this variant includes features designed to prevent theft and resist weather, showing Go Industries' focus on security and durability. Another product, the Shovel Box, available for $727.12, is easy to install, making it perfect for storing shovels and similar tools.

This expansion of the best work truck boxes reinforces Go Industries' commitment to adapting to industry needs. Their work truck boxes are thoughtful in their ease of use while maintaining high-security standards that customers expect. These products meet the vital need for secure, accessible storage for professionals who rely on their vehicles. By advancing the design and construction quality of these boxes, Go Industries adds significant value to any work truck layout.

Beyond these new storage options, Go Industries has a broad range of offerings for different markets. Their products include truck accessories like grille guards and bumpers, specialized law enforcement vehicle gear, and customizable manufacturing options.

They also provide several resources to enhance user experience, including clear product instructions, the latest updates, a detailed catalog, comprehensive warranty details, and how-to videos. Their commitment to customer service is further demonstrated by modern payment facilities like accepting cryptocurrencies.

The CEO of Go Industries spoke about the company's vision: "Our mission is to continue delivering innovative solutions that our customers can rely on. Each product we introduce is a result of direct input from the users who need them most. We take pride in our ability to adapt and grow with the evolving demands of the market. Providing reliable and efficient products remains at the core of our values."

With a Platinum Status from the Specialty Equipment Market Association (SEMA), Go Industries is recognized for its high service standards and product quality. This accomplishment emphasizes their consistent delivery of top-quality equipment to their markets. The recent debut of their work truck boxes showcases the company's dedication to maintaining the best industry practices.
