Pro Pad Inc., a business in Mooresville, NC, has announced that they have launched a range of new Harley Davidson motorcycle accessories for gun owners. The most popular product in the range is turning out to be the revolver seat mount knob, which can be seen at <http://www.thepropad.com/revolver-seat-mount-knob/>.

Mike Enzwiler from Pro Pad Inc. says: "Many Harley Davidson motorcycle enthusiasts are also gun enthusiasts. With our new motorcycle accessories, Harley owners can use our products to customize their motorcycles. This will enable them to show their support for guns and gun ownership at the same time."

The popular seat mount knob is available in polished stainless steel, brushed stainless steel and black coated stainless steel. The company says it is a stunning piece that adds some character to a motorcycle seat. The product, just like all Pro Pad Inc. items, is 100% made in the USA, which is something that the company is

very proud of.

A second item in the range are the windshield trim screws. Available through <http://www.thepropad.com/windshield-trim-screws/>, these also look like revolvers and are available for different years of Harley Davidson models. Again, these make a Harley Davidson motorcycle look cooler than what it already is, while at the same time enabling riders to be vocal about their pro-gun stance.

ProPad say that the pro and anti-gun debate is raging strong at present, with people becoming increasingly vocal about their personal beliefs. They say that many Harley Davidson motorcycle riders have traditionally been proud to be pro gun and hold the 2nd Amendment in high regard. The company says they feel that now, more than ever, is a time for them to take a public stand about this, and Pro Pad Inc. is helping them to achieve that.

Pro Pad Inc. looks forward to welcoming more customers through their doors, and seeing more bikes across the country that are pro gun, and pro USA. Some of their most popular products include the Dixie Flag and the United We Stand Eagle Flag, both of which the company says also really speak of the love for the USA and belief in everything that made it the greatest country in the world.
