Lompoc, California's Premier Home Contractor: Clark Builders Expands Building Services

March 06, 2025

March 06, 2025 -
Clark Builders, Inc, a family-run construction and remodeling company in Lompoc, California, is pleased to announce it's expanding its service offerings. With more than ten years of expertise in the construction sector, Clark Builders now provides a wide range of services, detailed on their website. These include home remodeling, kitchen and bathroom upgrades, and innovative outdoor living spaces. The company serves all of Santa Barbara County, including Lompoc, Orcutt, Buellton, Solvang, Santa Ynez, Los Olivos, and Ballard. Their dedication lies in creating spaces that reflect the vision and needs of their clients.

Established in 2012 by Brian Clark, who was taught the trade by his father, the company prides itself on family values and top-notch craftsmanship. Thanks to their deep knowledge of the local area and its architectural styles, Clark Builders, Inc has become a vital part of the community offering tailored construction solutions.

The firm has now added the construction of ADUs (Accessory Dwelling Units) to its list of services. These units are gaining popularity as flexible, affordable housing options in California. ADUs can serve as guest suites, rental units, or even home offices, offering extra living space. Those interested can learn more about their ADU construction services and see visual examples of their work on their website.

Heidi Clark, who co-owns the business and manages day-to-day operations, expressed, "Our aim has always been to help homeowners create their ideal spaces, be it through a complete home remodel or an inviting outdoor area. We're dedicated to working closely with each client to ensure their vision is beautifully realized."

The expanded services include quality home additions such as extra bedrooms and expanded living areas that integrate smoothly with existing home structures. Clark Builders also offers outdoor constructions, from outdoor kitchens to serene patio areas, designed to improve lifestyles while complementing the current home architecture.

Clark further shared, "Every project is a chance to not just create beautiful spaces, but to build lasting

relationships with our clients. Seeing our work positively impact their lives is incredibly rewarding."

The company also emphasizes strong partnerships with reputable brands such as Wetwall, Duralum, Trex, Moen, Milgard, Wilsonart, Hardware Resources, and Rev-A-Shelf. These collaborations provide Clark Builders, Inc with access to high-quality materials and finishes, enabling them to deliver durable and aesthetically pleasing results. Their experience with these brands ensures they remain at the forefront of emerging trends, providing top industry solutions.

To make services more budget-friendly, Clark Builders, Inc offers financing options through GreenSky, giving clients flexible payment plans to accommodate different budgets. Potential clients are also encouraged to schedule a free consultation to explore the possibilities for their home projects. These can be arranged effortlessly via phone or through their website's online booking system.

The personal touch of this family business shines through in every project. Brian oversees fieldwork, while Heidi manages office operations from their Lompoc location. The company upholds transparent communication, keeping clients informed and involved throughout the entire process.

For more comprehensive details about their services, client reviews, and to explore the full range of what they offer, visit the Clark Builders, Inc website. Engaging with their social media presence on Facebook, Instagram, Google, and Houzz can also offer insights into recent projects and customer experiences.

Clark Builders, Inc looks forward to continuing its legacy of outstanding service and making positive contributions to the homes and communities it serves in Santa Barbara County.
