ReNew Reglazing Launches New Bathtub Reglazing Services in Milwaukee, WI!

February 06, 2025

February 06, 2025 -
ReNew Reglazing has just opened a new location in Milwaukee, WI, showing their commitment to offering top-notch bathtub reglazing services in the region. Known for their expertise in transforming old and worn bathtubs into beautiful, functional fixtures, ReNew Reglazing serves both residential and commercial clients across Milwaukee County and nearby areas like East Troy. Their new branch, located at 1234 Bath Road, aims to address the rising demand for affordable and efficient bathroom renovations.

The company focuses on both standard and fiberglass bathtub reglazing. Their standard service is designed for non-fiberglass bathtubs and involves a detailed process to ensure a perfect finish. This includes thorough inspections, cleaning, filling any cracks or chips with epoxy, and applying a primer before the topcoat and final glaze. For fiberglass surfaces, the process is adapted to enhance durability. By offering competitive prices, ReNew Reglazing allows homeowners and businesses to enjoy bathtubs that look new without paying the high costs of replacement. The company is committed to using high-quality materials and techniques that provide lasting results.

"For us, it's all about quality and customer satisfaction," says Dylan Baker, CEO of ReNew Reglazing. "Our

new location in Milwaukee is not just a milestone for our company, but a testament to our dedication to bringing exceptional and affordable bathtub transformation services to the area. We are thrilled to be able to serve even more clients with our proven methods."

ReNew Reglazing places a strong emphasis on customer service, which contributes to their reputation for delivering quick-turnaround services by a skilled professional team. Many clients commend the company, giving them a 4.7 out of 5 rating based on 79 reviews. Customers appreciate the stunning results that come at a fraction of replacement costs. More details on this can be found on their website. Additionally, the company offers free consultations and estimates, enabling potential clients to consider their reglazing options without any upfront commitment.

In their dedication to community engagement and supporting local needs, the new Milwaukee location is set to become a key part of the community. By providing excellent customer support and top-quality services, ReNew Reglazing aims to build lasting relationships with their clients.

"Our expansion in Milwaukee is driven by the increasing demand for practical and affordable bathroom renovation solutions," adds Baker. "We are confident that our services will offer significant value to homeowners and businesses looking for dependable and wallet-friendly bathtub transformations."

As part of its growth strategy, ReNew Reglazing constantly seeks new ways to serve customers and improve the client experience. This includes routine reviews and follow-ups after service to ensure clients are well-informed about how to care for their newly reglazed bathtubs.

For those interested in discovering the benefits of bathtub reglazing, more information and bookings for consultations can be found on their website at https://www.renewservices.com/bathtub-reglazing-milwaukee-wi/. The Milwaukee branch can also be contacted at 555-123-4567 for inquiries and further assistance.

The opening of the new Milwaukee location underscores ReNew Reglazing's commitment to expanding their reach and providing excellent results to a wider audience. With high-quality, reliable, and affordable services, ReNew Reglazing is a top choice for anyone looking to improve their bathroom's functionality and appearance without spending a fortune. For more about their service offerings and pricing, those interested can visit the company website.
