ReNew Reglazing Opens New Branch Offering Expert Bathtub Reglazing Services in Warwick, RI

February 20, 2025

February 20, 2025 -
ReNew Reglazing is excited to share the news about their new branch opening up in Warwick, Rhode Island. Known for their top-notch bathtub reglazing services, they aim to provide local residents and businesses with easy access to their exceptional work. This new site continues ReNew Reglazing's mission of offering outstanding results for both homes and commercial spaces.

Located at 875 Centerville Rd in Warwick, the new location is set to provide the full suite of services that ReNew Reglazing is famous for. These services include reglazing bathtubs, cast iron sinks, ceramic tiles, countertops, and fixing up fiberglass showers. Their skilled team uses quality materials and proven techniques to make sure everything they work on looks great and holds up over time.

Dylan Baker, a spokesperson for ReNew Reglazing, shared his excitement about the opening. "We're really happy to start serving the Warwick area more directly. Our focus has always been to deliver results that our clients can rely on. With this new branch, we can reach the Warwick community more effectively and offer them the reglazing services they expect from us," Baker said.

ReNew Reglazing's services are a cost-effective way to upgrade spaces without the expensive price of new fixtures. They offer specialized attention for homeowners with clawfoot bathtubs, ensuring the charm of these classic pieces is maintained and renewed. Whether it's about refreshing a sink, tile, or countertop, the company's work adds both style and function.

One major perk of choosing ReNew Reglazing is their efficient process. They focus on minimizing disruption and inconvenience for clients. Their reglazing method involves thorough preparation, applying the finishing coats, and a detailed inspection to confirm everything is just right. Many clients have noted the efficiency and smoothness of the process, with a quick turnaround and minimal hassle.

As the Warwick location gets up and running, ReNew Reglazing is dedicated to keeping up their high service standards and making sure customers are happy with the results. The company has received high praise from past clients, reflecting their commitment to doing things excellently. Customers often highlight how reliable their services are and how clearly they communicate during projects.

Opening in Warwick is seen as a smart move to connect more closely with the community there, according to Baker. "We noticed a rising interest in the area for our reglazing expertise, and we're ready to meet and exceed what Warwick residents and businesses are looking for. You can reach us at (401) 293-8222 for any questions or to set up a service, which makes getting our services more straightforward than ever."

Every reglazing project benefits from ReNew Reglazing's thorough process, aiming to match aesthetic tastes while ensuring durability. They also keep safety and proper ventilation as priorities through all stages of their work, strengthening their reputation for reliability in the industry.
