agileKRC Partners with Agile Centre in London to Deliver High-Quality Scrum Training

March 03, 2025

LONDON, UK - March 03, 2025 -
London, England - agileKRC Ltd, a leading name in agile training, announced a strategic partnership with Agile Centre to deliver high-quality and flexible Scrum training to its customers. This collaboration will provide agileKRC learners with access to recognised qualifications, including Scrum Alliance Certified Scrum Master (CSM) and Certified Scrum Product Owner (CSPO). By working together, agileKRC aims to enhance the learning experience, offering a progression pathway towards advanced certifications. This partnership is particularly beneficial for professionals looking to expand their skills in Scrum, the UK's most popular agile training methodology. Courses will be available in London, with both virtual and in-person options to suit different learning preferences.

The collaboration between agileKRC and Agile Centre is set to open new opportunities for professionals across various industries. "Our partnership with Agile Centre marks a significant step in providing accessible, high-quality Scrum training to our clients," stated Jay Gao, Operations Manager at agileKRC. "We are dedicated to equipping individuals with the skills they need to succeed in today's agile environments, and this partnership allows us to extend our reach and impact." This initiative caters to professionals' busy schedules, ensuring they can balance their work commitments while enhancing their skills through flexible learning

options. With a focus on delivering comprehensive training, agileKRC aims to support a skilled workforce capable of managing complex agile projects.

Those interested in boosting their Scrum skills can explore the various courses offered through this partnership. The training includes options for instructor-led and self-paced online courses, all certified by Scrum.org or Scrum Alliance, with the inclusion of Scrum exams. Professionals aiming to advance their agile careers are encouraged to Participants will benefit from a curriculum designed to build confidence in roles such as Scrum Master or Product Owner. The platform's flexibility allows learners to choose between virtual and in-person sessions, accommodating diverse learning styles and preferences. This initiative reflects agileKRC?s commitment to providing education that adapts to the evolving needs of its audience.

Jay Gao further highlighted the potential impact of this collaboration, noting, "By partnering with Agile Centre, we are not just expanding our course offerings but also enhancing the value of our training programmes. We aim to equip our learners with the skills necessary to excel in agile projects worldwide." The courses offered through this partnership are designed to help professionals gain globally recognised Scrum certifications, showcasing their expertise and capabilities in the industry. For additional details on the courses and the partnership, visit agileKRC's website. This collaboration reflects agileKRC?s commitment to advancing professional development by providing training that meets the highest industry standards.

This new partnership has the potential to transform the landscape of Scrum training in the UK, offering unprecedented access to high-quality education. The collaboration between agileKRC and Agile Centre is expected to set a benchmark for agile training, providing learners with the tools they need to succeed in their respective fields. As more organisations adopt agile practices, the demand for skilled Scrum professionals continues to grow. By offering comprehensive training programmes, agileKRC is positioning itself as a key player in shaping the future of agile education. This initiative not only benefits individual learners but also contributes to the broader agile community by fostering a culture of continuous learning and improvement.
