agileKRC Partners with Operational Solutions to Transform Project Management

April 01, 2025

LONDON, UK - April 01, 2025 -
London, England - agileKRC, a leader in agile consulting, has announced a successful partnership with Operational Solutions (OSL) to revamp their project management approach from a traditional waterfall model to a more dynamic agile methodology. This collaboration, conducted in London, aims to enhance team cohesion, communication, and collaboration across OSL?s diverse locations, including Reading and Scotland, as well as in virtual sessions. Founded in 2010, OSL is renowned for integrating innovative systems to create safer spaces worldwide. The partnership signifies a substantial shift in how OSL manages both project work and business as usual, achieving significant improvements in operational efficiency and project delivery. Agile consulting provides a focused, cost-effective way to implement such transformative changes, ensuring sustainable benefits across organisational frameworks.

The transformation at Operational Solutions has been driven by agileKRC?s bespoke consulting approach, which emphasises collaboration and tailored solutions. Jay Gao, Operations Manager at agileKRC, commented, ?We are thrilled to support OSL in their agile journey. By embracing agile, OSL can now respond more flexibly to changes and deliver projects more efficiently. Our goal is to instil a culture of continuous improvement and adaptability.? This sentiment reflects agileKRC's commitment to providing

pragmatic and realistic consulting services, leveraging years of expertise in agile methodologies. The success of this initiative not only underscores the potential of agile practices to enhance business processes but also highlights agileKRC's role as a key partner in achieving operational excellence. This change is particularly pertinent as organisations increasingly seek to adapt to rapidly evolving business environments.

For those interested in learning more about this transformative initiative, further details are available on agileKRC's website. Through tailored agile consulting services, agileKRC provides organisations with the expertise needed to successfully navigate their agile journey. This approach ensures that new agile practices are not only implemented but also become integral to daily operations. Those curious about exploring a similar path can find out more at agilekrc.com. The partnership with OSL exemplifies how agile consulting can be a catalyst for meaningful change, offering a structured yet adaptable framework that accommodates the unique needs of each client. By focusing on collaboration and understanding, agileKRC ensures that its clients can achieve sustainable improvements in performance, ultimately leading to a more agile and responsive organisational culture.

The benefits of adopting agile methodologies extend beyond enhanced project delivery. Jay Gao further commented, ?Our partnership with OSL is a testament to the effectiveness of agile consulting in fostering innovation and resilience. By adopting agile strategies, OSL is well-positioned to navigate the complexities of today's business landscape.? This sentiment aligns with industry trends indicating the growing importance of agile practices in achieving operational success. The agileKRC approach combines training, coaching, and consulting to integrate new knowledge seamlessly into client organisations. For more insights into how agile methodologies can transform your organisation, visit the agile solutions page. The collaboration with OSL serves as a compelling case study for other organisations considering similar transformations, demonstrating the tangible benefits of a well-executed agile strategy.

The move towards agile is not merely a trend but a strategic imperative in today?s evolving business world. With the successful implementation at OSL, agileKRC anticipates a broader adoption of agile practices across various sectors. As more organisations recognise the value of flexibility and adaptability, agile consulting is set to become an integral part of strategic planning. Looking ahead, agileKRC aims to continue driving innovation by helping organisations of all sizes transition smoothly to agile methodologies. The impact of this shift is expected to extend beyond immediate operational improvements, fostering a culture of continuous innovation and responsiveness. agileKRC?s collaboration with OSL is a promising indication of the potential for agile practices to transform industries, setting a new standard for project management and organisational agility.
