

NOLA Detox & Recovery Center Voted Best of New Orleans for Mental Health Care

February 14, 2025

NEW ORLEANS, LA - February 14, 2025 -
NOLA Detox & Recovery Center has been recognized for providing the Best of New Orleans Mental Health Care in Gambit?s Best of New Orleans 2024 list. This honor highlights the center?s commitment to delivering high-quality addiction treatment and integrated mental health services that support lasting recovery.

Gambit?s Best of New Orleans list is published annually and celebrates businesses and organizations that make a positive impact in the city. Winners are chosen by the public, with no paid placements involved, making this recognition a true reflection of community support. For NOLA Detox & Recovery Center, it?s a sign of the profound difference the team makes in the lives of individuals and families across New Orleans.

?What sets NOLA Detox apart is our expert team and holistic approach to care,? said Dan Forman, Co-Founder and CEO of NOLA Detox & Recovery Center. ?Being voted the best addiction treatment center by the people we serve is incredibly meaningful. It affirms the hard work of our team and the

life-changing outcomes we strive for every day.?

NOLA Detox & Recovery Center has built its reputation on providing comprehensive, patient-centered addiction treatment. The center offers a range of services, including medical detox, inpatient treatment, outpatient programs, medication-assisted treatment (MAT), and recovery residences. Each program is designed to meet individuals where they are in their recovery journey, offering personalized support that addresses both addiction and co-occurring mental health conditions.

The staff at NOLA Detox & Recovery Center includes licensed clinicians, medical professionals, and individuals with personal experience in recovery. This combination of professional expertise and lived experience creates an environment rooted in empathy and understanding. Patients receive not only clinical support but also emotional guidance, helping them develop the skills needed for long-term recovery.

As part of its mission to expand access to quality care, NOLA Detox & Recovery Center is also opening a new location in Slidell, Louisiana. This expansion responds to the growing need for accessible addiction and mental health services in Southeast Louisiana, where many individuals face barriers to care, such as long travel distances or limited availability of specialized treatment.

The Slidell facility will offer flexible treatment options, including inpatient care, intensive outpatient programs (IOP), counseling services, and ongoing recovery support.

Being named the Best of New Orleans Mental Health Care is a significant milestone for NOLA Detox & Recovery Center, but the organization views it as part of a broader mission: to make effective, compassionate care accessible to more people. The new location in Slidell is the next step in that mission, allowing NOLA Detox & Recovery Center to support individuals who may not have had access to specialized treatment before.

?We believe that recovery should be within reach for everyone, regardless of where they live,? said Forman. ?Opening our new center in Slidell is about meeting people where they are and providing the support they need to build healthier, more fulfilling lives.?
