

Amore' Limousines Expands Wedding Packages in Western Pennsylvania for Stress-Free, Luxury Transportation

February 18, 2025

February 18, 2025 -

Rick Morgan, CEO of Amore' Limousines, announced today that the company is expanding its services to include comprehensive wedding transportation packages in Western Pennsylvania. This new offering is designed to enhance their current services by addressing the specific needs of wedding parties. With over 25 years in the industry, Amore' Limousines has built a reputation for providing a luxury experience tailored to client needs, and now they're bringing that expertise to one of life's most memorable days.

The wedding packages will feature a wide range of vehicle options from the company's extensive fleet, making sure to cater to any size bridal party. Clients can choose from an Executive Sedan, Executive SUV, Limousine, Luxury Bus, or Sprinter Van. These vehicles can accommodate groups as small as two or three people to larger celebrations with as many as 30 guests. This flexibility means Amore' Limousines can handle different wedding styles, whether it's an intimate family gathering or a grand celebration.

What's unique about these packages is the company's dedication to offering a smooth transportation experience. From booking via their online system on their website at www.limopgh.com to the final drop-off after the event, every part is carefully organized. Amore' Limousines makes sure the whole process is stress-free, allowing clients to enjoy their special day without worrying about the details.

An increased interest in local attractions around Pittsburgh as wedding venues has been a major reason for this service expansion. Places like the Pittsburgh Zoo & PPG Aquarium, Phipps Conservatory and Botanical Gardens, and the Duquesne Incline are often part of wedding plans and need precise transportation coordination. The company's deep knowledge of these spots allows them to provide efficient and specialized service.

"We are excited to expand our offerings to include specialized wedding packages," says the CEO. "Our goal is to take away the transportation concerns that can often overshadow the joy of wedding planning. With our variety of vehicle options, we make sure that both the bridal party and their guests are taken care of with ease."

Besides picking the right vehicle, the wedding packages come with customizable options suited to each couple's needs. Whether it's planning unique routes, arranging champagne toasts, or adding special decorations, Amore' Limousines encourages couples to have a consultation to fully tailor their experience.

Even beyond weddings, Amore' Limousines continues to provide services like corporate transportation, leisure and prom packages, as well as charter and shuttle services. Their services cover various townships including Washington, South Fayette Twp, Robinson Twp, Greensburg, and Cranberry Twp, ensuring accessibility across Western Pennsylvania.

The company is committed to their hallmark blend of elegance and punctuality, upheld by a team of professional chauffeurs. This commitment to exceptional service shines through in all offerings, from wedding packages to standard Chauffeur Service.

"Our chauffeurs are highly trained and focused on making your experience as pleasant and enjoyable as possible," the CEO adds. "They play a crucial role in maintaining the service standard that Amore' Limousines is known for."

For more than two decades, Amore' Limousines has prided itself on a sterling reputation, backed by testimonials describing their reliability and sophistication. The company's ability to continuously deliver exceptional Chauffeur Service is reflected in their high customer ratings and continued client loyalty.

Through this new initiative, Amore' Limousines aims not only to meet the expectations of its current clients

but also to broaden its appeal to a wider audience. As the company looks to the future, they remain committed to expanding and fine-tuning their services to better serve their client base in Pittsburgh and beyond. Visit their website for more details and to explore the testimonials from satisfied clients.

Interested parties can learn more about the wedding transportation packages and other service offerings by visiting their website or contacting their office directly.
