Pittsburgh Roofing Contractor M.A. Thompson Leads with Eco-Friendly Innovations and Expanded Services

February 21, 2025

February 21, 2025 -

M.A. Thompson Roofing has introduced a new range of services to better meet the needs of both residential and commercial properties. With these additions, the company continues to focus on providing reliable and quality roofing solutions in the local area. M.A. Thompson Roofing offers comprehensive services like roof replacements using premium Owens Corning materials that ensure quality and durability. The company has installed nearly a thousand roofs in North Pittsburgh, setting a benchmark for excellence in the field.

M.A. Thompson Roofing Pittsburgh PA now offers extended maintenance plans, such as their Redd Up Your Roof Program, and comprehensive repair options, which are designed to maintain and extend the life of your roof through inspections, cleanings, and repairs. Additionally, the installation of environmentally friendly roofing materials is now part of their offerings. These new services aim to meet the growing demand for sustainable options and ensure the roofs' longevity and durability for their clients.

M.A. Thompson, CEO of M.A. Thompson Roofing, shared, "We understand the importance of quality and timely services for our clients. Our expanded offerings show our commitment to meeting client needs and adapting to the growing trend toward sustainability in the roofing industry." Their commitment extends to

seamless aluminum rain gutters that are custom built to fit homes, effectively channeling water away from structures and preventing water damage.

For over 20 years, M.A. Thompson Roofing Services Pittsburgh has built a strong reputation for reliable services throughout the city. These new services further establish the company as a leader in the roofing industry. The maintenance plans, alongside the soffit and fascia services using brand name aluminum and vinyl products, are designed to extend the life of roofs and address potential issues before they lead to costly repairs. Their siding services elevate properties by enhancing aesthetic appeal while providing insulation.

The company is also responding to the industry's move toward sustainability by introducing eco-friendly roofing materials. As more homeowners and businesses choose solutions that reduce environmental impact, M.A. Thompson Roofing steps in to meet these expectations. They now offer materials like cool roofing systems that reflect more sunlight and absorb less heat, and recycled roofing options to cut down on waste.

M.A. Thompson Roofing knows the importance of good roofing for property protection. Reliable roofs protect those inside the building and safeguard furnishings and structural elements. By offering thorough repair options alongside new installations, the company meets immediate needs while promoting long-term property care. Their window replacement service introduces energy-efficient windows that enhance a home's curb appeal.

Mr. Thompson continued, "We are excited to offer these new services to both current and new clients. Our team is dedicated to providing solutions that go beyond basic repairs and installations. We focus on quality service and long-term client satisfaction."

Today, consumers pay closer attention to the environmental impact of products and services. M.A. Thompson Roofing wants to meet these values by offering effective and sustainable roofing solutions. The company's dedication to eco-friendly products aims to lessen the environmental impact of roofing projects, reflecting a shift in industry trends and showing the company's proactive approach to market changes.

The expanded service offerings also cater to different budgets. Clients can choose from various service packages, including top-tier vinyl siding installation, that fit their needs and financial plans. By making pricing flexible, everyone can access high-quality roofing, no matter their budget.

As the company moves forward with these new services, M.A. Thompson Roofing is ready to handle more projects while maintaining high service standards. Current clients and potential new customers are encouraged to look into these new options. The company continues to focus on customer needs and sustainable practices, supporting the community.

This announcement marks another milestone for M.A. Thompson Roofing Pittsburgh PA, confirming its dedication to excellence and innovation in roofing services. The company looks forward to further growth and the chance to meet the evolving needs of its clients while positively contributing to the environment.
