With a legacy of legal excellence spanning over 40 years, the firm continues to provide aggressive defense strategies, in-depth legal guidance, and unwavering support to clients navigating the complexities of the criminal justice system.

Colorado?s legal landscape is constantly evolving, with laws surrounding criminal offenses such as DUI, drug possession, domestic violence, and assault frequently undergoing modifications. In response, TNS Associates remains at the forefront of these changes, ensuring that their clients receive up-to-date legal counsel and defense strategies tailored to their unique cases.

At Thomas N. Scheffel & Associates, every client?s case is approached with a commitment to excellence, personalized legal strategies, and an aggressive defense tailored to the specifics of their charges. The firm?s criminal defense attorneys are highly skilled in handling cases involving:

DUI and Traffic Offenses: Defending against impaired driving charges, license suspensions, and other traffic violations. Drug Crimes: Protecting clients against charges related to possession, distribution, or manufacturing of controlled substances. Assault and Violent Crimes: Crafting strategic defenses for individuals facing assault, domestic violence, or other serious charges. Theft and White-Collar Crimes: Defending clients accused of fraud, embezzlement, shoplifting, and other financial crimes.

Through meticulous case analysis, thorough investigations, and skilled courtroom representation, the attorneys at TNS Associates work tirelessly to challenge evidence, negotiate plea deals when appropriate, and secure dismissals or reduced charges whenever possible.

?At TNS Associates, we recognize that being charged with a crime can be one of the most stressful and life-altering experiences a person can go through,? said Thomas N. Scheffel, the firm's founder. ?We are committed to not only providing strong legal defense but also ensuring that our clients fully understand their rights and the legal process they are facing. We fight for them every step of the way.?

TNS Associates?s criminal defense team is composed of seasoned attorneys with extensive trial experience. Their approach combines legal expertise with a deep understanding of prosecutorial tactics, allowing them to anticipate strategies used against their clients. This enables them to craft powerful defenses designed to achieve the best possible outcomes, whether through dismissal, reduced sentencing, or acquittal.

As Colorado continues to update its legal framework surrounding criminal offenses, Thomas N. Scheffel & Associates stays ahead of emerging changes in laws and enforcement policies. Recent developments include stricter DUI enforcement, changes in drug possession laws, and enhanced penalties for domestic violence convictions. The firm actively monitors these shifts to provide clients with cutting-edge legal defense strategies tailored to the current legal environment.

Additionally, Colorado?s recent criminal justice reforms have introduced alternative sentencing options, such as diversion programs and probationary measures. TNS Associates leverages these legal alternatives when appropriate, helping clients avoid unnecessary incarceration and pursue rehabilitative solutions that support long-term success.
