

Parking Area Maintenance Inc. Expands Asphalt Paving Services to Additional Nebraska Locations

February 26, 2025

OMAHA, NE - February 26, 2025 -

OMAHA, NE ? Parking Area Maintenance Inc., a trusted asphalt contractor specializing in pavement maintenance, has announced the expansion of its premier asphalt paving services to additional locations beyond Omaha. With over 40 years of experience in the asphalt industry, the company is introducing its high-quality pavement solutions to Council Bluffs, Lincoln, Fremont, Columbus, and Nebraska City.

As a veteran-owned business, Parking Area Maintenance Inc. has built a reputation for excellence in commercial paving, road construction, and asphalt repair. The expansion comes in response to the increasing demand for durable and professional asphalt services in the growing metropolitan areas surrounding Omaha. Business owners and property managers in these regions will now have access to the same expertise that has made the company a leader in asphalt paving, crack sealing, line striping, seal coating, and concrete care.

The company has long been a staple in Omaha?s commercial infrastructure, handling projects ranging from

parking lot maintenance to large-scale industrial paving. By extending its services, it aims to meet the evolving infrastructure needs of businesses and municipalities seeking reliable asphalt paving solutions.

?Expanding into these additional locations is an important step in ensuring that more businesses and communities have access to professional and long-lasting pavement solutions,? said the owner of Parking Area Maintenance Inc. ?Quality asphalt surfaces are essential for safety, durability, and visual appeal, and this expansion allows more property owners to benefit from industry-leading services.?

The company?s service offerings include new asphalt installation, resurfacing, asphalt repair, and preventative maintenance to extend the lifespan of existing pavement. Crack sealing and line striping ensure that parking lots remain functional and visually organized, while seal coating provides long-term protection against harsh weather conditions and heavy traffic wear.

Each new location will benefit from the same high standards of artistry that have defined the company?s success in Omaha. With an emphasis on superior craftsmanship and customer satisfaction, Parking Area Maintenance Inc. is committed to maintaining the highest service standards as it expands into these additional areas.

The demand for professional asphalt services has grown significantly as communities seek to improve roadways, parking facilities, and commercial properties. Lincoln, Council Bluffs, and Fremont, in particular, have seen steady development, prompting a need for professional pavement solutions that support commercial growth and urban planning initiatives.

?This expansion reflects the increasing demand for high-quality asphalt services in Nebraska,? the owner continued. ?The ability to provide asphalt paving, concrete driveway repair, pavement striping, and parking lot asphalt repair in these growing communities allows more businesses to maintain safe and visually appealing properties.?

Parking Area Maintenance Inc. ensures that every project meets industry standards with a team of experienced paving contractors and a commitment to using high-quality materials. The company also prioritizes environmentally responsible practices, utilizing advanced techniques to maximize pavement longevity and reduce waste.

The expansion means access to a trusted partner in asphalt construction and pavement maintenance for businesses and property owners in the newly serviced locations. Parking Area Maintenance Inc. understands that well-maintained pavement is crucial for curb appeal, long-term property value, and public safety. As part of its expansion strategy, the company offers consultations and site evaluations to new clients interested in enhancing their properties with professionally installed and maintained asphalt surfaces.

Parking Area Maintenance Inc. has long been recognized as a leader in the field, known for its ability to handle projects of all sizes efficiently and precisely. From routine maintenance to large-scale paving projects, the company continues to set the benchmark for excellence in asphalt services.

With this expansion, more Nebraska communities will benefit from professional asphalt paving designed to enhance the durability and functionality of commercial and residential properties. Parking Area Maintenance Inc. remains committed to delivering the highest artistry and customer service standards as it grows beyond Omaha?s borders.
