

Arborist Action Tree Service Announces 15% Discount on All Tree Services Across Volusia County

March 04, 2025

NEW SMYRNA BEACH, FL - March 04, 2025 -
Arborist Action Tree Service, New Smyrna's leading tree care provider for over 25 years, is pleased to announce a limited-time 15% discount on all tree services throughout their entire service area. This special offer comes as part of the company's commitment to helping homeowners maintain safe, beautiful properties throughout the spring season as Florida prepares for the upcoming storm months.

"We understand that proper tree maintenance is essential for both safety and aesthetics, especially as we approach storm season," says Andy Pine, owner of Arborist Action Professional Tree Service. "Our goal with this discount is to make professional tree care accessible to more residents and encourage proactive property maintenance before summer weather patterns emerge. As a longtime resident of this area myself, I've seen firsthand how proper tree maintenance can prevent costly damage during our unpredictable Florida storm seasons."

The 15% discount applies to the company's comprehensive range of services, including tree pruning and

trimming, complete tree removal, stump grinding, emergency tree services, and storm damage cleanup. This offer is available to residents across their entire service area, which has expanded significantly since their founding in 1995.

Arborist Action Tree Service now proudly serves Deltona, DeLand, Daytona Beach, Debary, Ormond Beach, Port Orange, South Daytona, Lake Helen, Holly Hill, Edgewater, and Orange City. This expanded coverage ensures that quality tree care is accessible throughout Volusia County and the surrounding communities.

As a family-owned tree service business in New Smyrna Beach since 1995, Arborist Action Tree Service has built its reputation on exceptional workmanship, reliability, and customer satisfaction, as evidenced by their impressive 4.5-star rating across more than 230 customer reviews.

"What sets us apart is not just our experience, but our commitment to treating every property with care and attention to detail," explains Andy Pine. "Over the past two and a half decades, I've personally trained our team of ISA Certified Tree Workers and Palm Specialists to bring specialized knowledge to every job, whether it's routine maintenance or emergency response. We're particularly proud that we can now offer this expertise to residents across Volusia County, Orange County, Clay County, St. Johns County, Nassau County, and Baker County."

The company's fully licensed, bonded, and insured status provides customers with peace of mind, knowing that their property is protected throughout the service process. Arborist Action's 24-hour emergency services ensure that residents have access to professional assistance whenever urgent situations arise, particularly during severe weather events common to Florida's coastal communities.

"Regular tree maintenance is an investment in your property's value and safety," adds Pine. "I've helped hundreds of customers avoid thousands in storm damage by identifying and addressing tree hazards before they become emergencies. Overgrown or damaged trees can pose significant risks during storms, while properly maintained trees enhance curb appeal and can even improve energy efficiency by providing strategic shade. This is true whether you're in New Smyrna Beach, Ormond Beach, or any of the other communities we serve."

The timing of this discount is strategic, as spring is ideal for tree maintenance before the summer storm season. Professional pruning and removal of hazardous trees can now prevent costly emergency services later. This preventative approach is particularly valuable for residents in areas like Holly Hill, Edgewater, and Orange City that are prone to storm damage.

Residents in Deltona, DeLand, Daytona Beach, Debary, Ormond Beach, Port Orange, South Daytona, Lake Helen, Holly Hill, Edgewater, Orange City, and New Smyrna Beach interested in taking advantage of the 15%

discount can contact Arborist Action Tree Service at (386) 259-8182 or visit their website to request a free estimate. The company's team will assess each property's specific needs and provide detailed recommendations along with transparent pricing.
