

Soulmutts Toronto: The Ultimate Dog Daycare & Boarding Experience in the Heart of the City

March 12, 2025

TORONTO, ON - March 12, 2025 -

Toronto, ON ? Since 2008, Soulmutts Toronto has been the go-to destination for dog lovers looking for top-tier care for their furry companions. With a commitment to providing a safe, engaging, and social environment, Soulmutts has set itself apart as the city?s premier dog daycare and boarding facility. Located in Leslieville, this 4500 sq. ft. indoor space, combined with the largest outdoor dog play area in downtown Toronto, offers a one-of-a-kind experience for dogs of all sizes and personalities.

Soulmutts is more than just a daycare?it?s a community where dogs can thrive. Their dedicated pack leaders are experienced, full-time professionals who ensure that every dog gets individualised attention and a structured, well-balanced day. Unlike traditional daycare facilities, Soulmutts operates on a pack play model, where dogs are carefully assessed before joining to ensure a harmonious group dynamic. This means every pup gets the socialisation and exercise they need in a controlled, supervised setting.

For dog owners who need overnight care, Soulmutts' custom-built boarding facilities provide a

home-away-from-home experience. Their spacious indoor play areas and private feeding stalls allow dogs to feel comfortable and at ease while their owners are away. To ensure cleanliness and comfort, the entire facility is equipped with a professional-grade HEPA air filtration system, providing fresh air circulation throughout. The company operates 365 days a year, offering the utmost flexibility for drop-off and pick-up times to accommodate busy dog parents.

"Our mission has always been to create a space where dogs can be dogs?running, playing, and socializing in a safe and structured environment,? said the owner of Soulmutts Toronto "We know that dog parents want the best for their dogs, and we are proud to provide a level of care that goes above and beyond traditional daycare and boarding services."

Beyond their physical space, Soulmutts also offers safe and reliable transportation for their four-legged clients. Their fleet of custom-built Mercedes Benz Sprinters ensures that every dog is transported comfortably and securely, giving owners peace of mind. Before joining, all new dogs undergo a careful trial assessment to ensure they are well-socialized and suited to off-leash pack play. The safety and well-being of each dog remain Soulmutts' top priority.

Soulmutts has garnered a strong reputation in the Toronto dog community, with over 400 positive online reviews and features in notable publications. Recognised as one of the best dog-walking companies, their commitment to excellence is evident in every aspect of their service.

"We truly love what we do, and it shows in how we operate,? the owner added. ?From our dedicated team to our custom-designed facility, everything we do is with the dogs? best interest in mind. Seeing happy, healthy dogs return to us day after day is the greatest reward."

Soulmutts Toronto isn?t just a place for dogs to spend the day?it?s a second home where they can thrive, socialise, and be part of a well-balanced pack. With a deep understanding of canine behaviour, the team ensures that every dog in their care receives the attention, exercise, and structure they need to be happy and healthy. Unlike traditional kennels or daycare centres, Soulmutts is built around the idea that dogs are social animals that flourish in a properly managed pack environment. Their team of full-time, experienced pack leaders creates an atmosphere of trust and stability, allowing dogs to engage in natural play while ensuring safety and control at all times.
