

Revolutionizing Skincare: DERM ART Clinic Enhances Aesthetic Services with Advanced Laser Therapies

April 03, 2025

Winterthur, Zurich - April 03, 2025 -
DERM ART, a well-known dermatology and aesthetics clinic in Winterthur, is boosting its services by introducing advanced laser therapies. These new treatments are designed to offer better solutions for a variety of skin conditions. This move highlights the clinic's ongoing dedication to providing high-quality and innovative care tailored to the needs of each patient.

The clinic specializes in both medical and aesthetic dermatology. It offers comprehensive care for conditions like acne, rosacea, and psoriasis, along with a range of aesthetic services. With the new laser technology, DERM ART can provide more precise and effective treatments for issues such as pigmentation disorders, reducing wrinkles, and removing tattoos. Embracing the latest technology shows the clinic's commitment to staying ahead in dermatological care.

"We are excited to expand our services with these advanced laser treatments, which enable us to offer even more personalized solutions to our patients," said A. Jalali, a spokesperson for DERM ART. "Our aim is

always to enhance patient care and make sure each person gets the best treatment for their specific needs."

The team at DERM ART is made up of skilled dermatologists and medical cosmeticians who blend medical expertise with artistic precision. This approach ensures patients achieve natural-looking and effective results, whether they need medical treatments or are seeking aesthetic enhancements. The clinic also offers skin tightening, hyaluronic fillers, and medical cosmetic procedures like microneedling and hydrafacial. For more information about these services and direct inquiries, prospective patients can explore the clinic's offerings and ask questions through their website here: https://derm-art-hautarztpraxis.localo.site/.

"Innovation and patient satisfaction are at the core of our work," added A. Jalali. "We aim to continuously incorporate the latest research and technologies in dermatology and aesthetics to provide top-notch services to our patients."

DERM ART is located at Untertor 33 in Winterthur and welcomes new patients with various services designed to boost skin health and appearance. The clinic's convenient hours from Monday to Friday allow easy access for consultations and treatments. For easy navigation, DERM ART's location can be found on Google Maps with this link: https://maps.app.goo.gl/YpJGqn9jSAxv4P5G9. The clinic enjoys a positive reputation in the community, often receiving praise in Google reviews for the professionalism of its staff and the quality of treatments.

DERM ART exemplifies its commitment to fantastic patient experiences by actively engaging on social media platforms like Instagram and Facebook. These platforms are used to share updates about services and insights into the team, helping maintain a connection with the community and offering potential patients a closer look at the clinic's offerings and values.

The clinic's team includes Dr. med. Alexander Jalali, Dr. med. Nora Sardy, Dipl. med. Vera Akritidou, Dr. med. univ. Rita von Webern, Dipl. med. Spyridoula Spanou, and medical cosmeticians Regula Enz and Silvia M. Kelada. By adopting new technologies and maintaining a focus on personalized care, DERM ART is strengthening its position as a leader in the field of dermatology and aesthetics. People looking for specialized skin care solutions can reach out directly to the clinic for more information or to book a consultation.

Anyone interested in learning more about DERM ART's comprehensive range of services can contact them through the information available on their main website or visit the clinic during business hours.
