Wild Rose Florist, a business in Essendon, Victoria, Australia, is happy to celebrate 15 years as a small business. The business was purchased by Joanna Casaccio in 2002. However, the business itself was established in 1987 by the original owner. As such, the company will celebrate a full 30 years of existence next year. From humble beginnings, the company now delivers flowers all across Melbourne six days a week from their Essendon suburb location. This service extends to all their flowers, Helium Bubble balloons and teddy bear deliveries. Joanna Casaccio owner of Wild Rose Florist says: "When I purchased Wild Rose 15 years ago, I had big dreams. I'm happy to say that, thanks to the continued support of my staff and clients, I have achieved those dreams and I look forward to many more years in business."

Wild Rose Florist sets itself apart through a number of different factors. First of all, they include free delivery with every flower order, as well as free Ferrero Rocher chocolates. In addition, they offer same day delivery for orders placed before 2pm Monday to Friday and 10am Saturday. All of the roses that the company offers are grown locally and picked fresh, which ensures their high quality. The florist also delivers flowers extensively to various hospitals and is a welcomed provider for the Royal Children's Hospital, where they deliver ?hospital preferred? Helium Bubble Balloons twice per day. With these Bubble Balloon deliveries, they

can also include teddies in the hope of cheering up a certain child's day. Helium Bubble Balloons are designed to last as long as three weeks, the Bubble Balloons are preferred by the Royal Children's Hospital because they are allergen free.

Wild Rose also encourages everyone to give their Face Book page a like. This will give them an opportunity to stay up to date with company news and special offers. Furthermore, it offers customers the option of leaving a review about the service they have received, which many have already done. "Very nice flowers from Wild Rose," says Udit Gupta. "These guys do a really good job and I'm very very happy. Made my day. Thank you."

Those who are interested in the service the company has to offer are encouraged to visit their website or Facebook page, or to pick up the phone and give them a call. They have an easy to use 'Contact Us' section on their website, through which customers can also place a flower delivery order.
