Inglewood, CA company Successful Marketing Solutions is proud to have launched the free eBook, 'The Ultimate Guide to Luxury Travel'. This can be downloaded through the company's website. Meanwhile, a video has also been published on the website and people are encouraged to watch this to learn more about low cost luxury travel.

Successful Marketing Solutions founder Robert Boyd, Sr. says: "All-inclusive resorts have gained popularity over the years because of the hassle-free leisure and luxury travel they provide. Many travelers prefer to book all-inclusive travels because they perceive it to be more affordable, hassle-free and safe. I have launched a free eBook that explains to people how they can truly get the most out of their travels."

The eBook provides people who are interested in enjoying luxury holidays a number of important tips. It addresses all the key issues, including the difference between timeshare and vacation clubs, and why it is vital to understand these differences. The company had previously released a YouTube video that is available at the Professor Bob Boyd Youtube Channel (https://www.youtube.com/watch?v=jbUPTyM68Nw), and the information in that video is covered in much greater detail in the eBook itself.

For the launch, Professor Bob Boyd has been actively engaging his followers on social media, many of whom

have implemented the tips and advice that he has given. They have been enjoying luxury holidays for many years now and look forward to more people joining them thanks to the eBook's advice. "I was so excited to hear Bob has released an eBook to share his knowledge with the rest of the world," says one of his followers. "I implemented his hints and tips some time ago and have been able to enjoy some of the greatest vacations of my life. It is so good to hear more people will have the opportunity to do the same. Having a vacation is good for the soul, after all."

'The Ultimate Guide to Luxury Travel' is just one of eBooks written by Professor Boyd. He has written another travel eBook, 'Get Paid to Travel in Style' and he has also authored more than 400 articles and videos regarding travel and business. He was also the co-author of the book 'The Art and Science of Success Volume 2, Proven Strategies for Today's Leading Experts' that describes how a poor farm boy became a college professor and an entrepreneur.
