

New Release ?Finding Mr. Right? Made Available For Free From 30th January To 3rd February On Amazon.com

January 27, 2016

January 27, 2016 - PRESSADVANTAGE -

In a highly exciting offer, relationship expert Sherry Chenell's new book ?Finding Mr. Right? has been made available for free from 30th January to 3rd February. The new book from Sherry is an expert's guide for women to help them find an emotionally functional man and escape the disaster of letting the wrong man into their lives.

The highly acclaimed and immensely experienced relationships expert Sherry Chenell has presented a perfect guide for women to aid them in finding the ?Mr. Right? for them. Based on her experience of 30 years as a therapist, Sherry has included all her expertise in finalizing the tips and useful information along with descriptions of specific traits in men which will aid women in recognizing the man of their dreams. Making this book offering even more exciting, the book has been made available for free from Amazon.com from 30th January to 3rd February.

?I have seen relationship issues between couples and how they affect individuals. On many occasions, the whole reason for these problems was that women were not able to identify the true face of the person at the beginning of the relationship. Choosing the wrong man, who often presents himself as the ?perfect man?, results in a troubled relationship down-line. With this book, I wanted to provide an expert's opinion with detailed information on a way of finding the right man so that a woman doesn't have to end up with the wrong person,? Sherry said while discussing her book.

?Finding Mr. Right? provides clear information about separating the right men from the wrong ones. It specifically mentions the traits and signs that a woman can look for in a man which will let her know if the person is portraying his true self or just trying to be nice to further a hidden agenda. Such information and tips from an experienced relationship expert can prove to be the very thing that women are in need of. Sherry said that the book is her way of helping as many women as she can to make a good start in any relationship. ?It's always better to be cautious at the start than having to go through a great deal of pain later,? she said.

In an exciting offer, the book has been made available for free for 5 days starting from 30th January to 3rd February. Moreover, the book can be read for free over any device, without a Kindle, with the help of Amazon's free software.
