April 01, 2025

April 01, 2025 -
Home Instead Hamilton is thrilled to announce the debut of its Complex Care service, which will provide specialist support to persons in the areas of Hamilton, Motherwell, Cambuslang, Bothwell, and Uddingston who have advanced care needs. With this new service, those who require specialised assistance will be able to get high-quality care in the comfort of their own homes, which will be provided by care experts who are committed and have years of expertise.

With an increasing need for specialised in-home support, Home Instead Hamilton has expanded its services to include Complex Care, which is designed to help those living with conditions requiring more advanced assistance. This includes support for neurological disorders, mobility challenges, and palliative care needs, allowing individuals to remain in familiar surroundings while receiving professional and compassionate care.

Alan Barr, owner of Home Instead Hamilton, expressed his enthusiasm for the introduction of Complex Care, stating: ?We understand how vital it is for individuals with complex needs to receive the right support at home. Our highly trained care professionals are passionate about providing the highest standard of care, ensuring clients feel safe, comfortable, and valued.?

In order to ensure that each customer receives care that is tailored to their individual requirements, Home Instead Hamilton takes great satisfaction in providing a personalised approach. Some of the most important aspects of the Complex Care service are as follows:

Tailored Care Plans ? Each plan is customised to meet individual requirements, offering support for medical conditions, mobility needs, and personal care.

Expert Care Team ? Care professionals undergo specialised training to handle the complexities of neurological conditions, long-term illnesses, and end-of-life care.

Local Care Professionals ? With care professionals based in Hamilton and surrounding areas, the service ensures minimal wait times for those who need urgent support.

24/7 Availability ? Services are designed to accommodate flexible schedules, providing overnight and round-the-clock care where needed.

High Standards and Client Satisfaction

Home Instead Hamilton has built a strong reputation for delivering high-quality care, as reflected in client feedback. A family member of a client shared their experience: ?My mother enjoys the carers and they are always helpful if she asks them anything. They take her shopping, look after her needs, and have a positive outlook for her,? said J.W, daughter of a client.

This dedication to client satisfaction reinforces Home Instead Hamilton?s commitment to providing professional, compassionate care that makes a meaningful difference.

Home Instead Hamilton has been serving the local community for several years, offering personalised in-home support to older adults and those in need of assistance. Alongside Complex Care, the company provides a wide range of services, including companionship, dementia care, and personal care.
