Pizza Republica Launches ?Bottle and a Bite? April Special, Featuring Italian Wine and Chef-Driven Bites in Greenwood Village

April 07, 2025

GREENWOOD VILLAGE, CO - April 07, 2025 -
Pizza Republica is bringing something special to the table this April with the launch of its ?Bottle and a Bite? Happy Hour promotion, available daily from 4:00 to 6:00 p.m. at its Greenwood Village location. For just $35, guests can enjoy a full bottle of Claudia Quarta Amina di Negroamaro paired with any one of Pizza Republica?s signature happy hour bites, offering a perfect way to unwind, celebrate, or kick off an evening with friends and family.

The new ?Bottle and a Bite? offering is part of Pizza Republica?s broader Appertivo Happy Hour menu, which features a wide range of carefully curated small plates and drink specials designed to highlight authentic Italian ingredients and culinary traditions. Whether guests are in the mood for a glass of sangria, a classic Aperol Spritz, or something more adventurous like the Limoncello Mule, the drink menu offers something for every palate.

The happy hour bites menu features a variety of bold, seasonal dishes prepared with the same craftsmanship and attention to detail found throughout Pizza Republica?s main menu. Favorites include the Beef Carpaccio,

served with garlic & herb beef, pickled red onion, arugula, fried capers, and shaved Montegrappa cheese, and the Butternut Squash Ravioli, crafted with roasted fall squash, brown butter, ricotta, and sage. For those seeking lighter options, items like the Rosemary & Fig Flatbread and Olives & Almonds provide the perfect balance of flavor and freshness.

The featured wine for April, Claudia Quarta Amina di Negroamaro, is a robust and fruit-forward red from southern Italy, offering a smooth structure and notes of dark berries and spice. When paired with the savory richness of the happy hour dishes, it creates a culinary experience that feels both indulgent and approachable.

The restaurant?s inviting atmosphere further enhances the experience, blending rustic Italian charm with a refined, modern feel. Guests can enjoy their happy hour selections indoors in the warmly lit dining area or take advantage of Colorado?s spring weather on the spacious patio. Known for its attentive staff and welcoming environment, Pizza Republica makes it easy to relax and enjoy great food and wine, whether you?re stopping in after work or catching up with friends over a shared meal.

While the ?Bottle and a Bite? promotion runs throughout April and concludes at the end of the month, Pizza Republica is also encouraging guests to start planning ahead for May celebrations?including Mother?s Day. Although the April special will not overlap with Mother?s Day weekend, the restaurant?s private dining room remains available for advance reservations. For those looking to host a meaningful celebration in May, the private space offers an elegant and comfortable setting for family brunches, dinners, or other special occasions.

?We created the ?Bottle and a Bite? special to bring people together around great food and wine,? said a representative from Pizza Republica. ?It?s our way of offering something that feels special but is still accessible. And with Mother?s Day coming up in May, now?s a great time to start thinking about making plans to celebrate in a space that?s warm, welcoming, and perfect for memorable gatherings.?

Located in the heart of Greenwood Village, Pizza Republica continues to be a destination for handcrafted Italian cuisine, thoughtfully selected wines, and warm, attentive service. With its welcoming atmosphere and commitment to authenticity, the restaurant is a favorite for both everyday dining and special occasions.

To experience the April ?Bottle and a Bite? special, guests are encouraged to stop by between 4:00 and 6:00 p.m. daily. For private dining reservations or event inquiries, including those for Mother?s Day, visit pizzarepublica.com or call the Greenwood Village location directly.
