Former patient Aaron shared a compelling five-star review that speaks volumes about the life-changing impact WhiteSands can have. ?My 30-day stay at White Sands Treatment Center was transformative. My case manager, Steve, was awesome?he provided constant support and guidance throughout my journey, ensuring I stayed on track. Aaron?s experience is not an isolated one. With a full continuum of care?from medically assisted drug detox to inpatient and outpatient programs?WhiteSands ensures that patients are supported at every step.

The facility offers an expansive list of services that go far beyond traditional models of care. Patients can access individual therapy sessions five times per week, group counseling, family integration services, and alternative therapies, including biofeedback, life skills training, yoga, and physical fitness. Medical and psychiatric oversight ensures that co-occurring mental health challenges are addressed in tandem with substance use challenges, setting the stage for sustainable success.

Case managers and clinical staff maintain consistent, meaningful engagement with patients throughout their stay, offering professional guidance, motivation, and accountability. This philosophy prioritizes people, not just protocols, making WhiteSands a preferred destination for those searching for ?alcohol rehab near me? or ?drug detox? options that go the extra mile.

The Plant City campus itself contributes to the healing process. Designed to feel more like a retreat than a hospital, the facility includes private rooms, a full gym with a personal trainer, recreational spaces, and daily activities that help people reconnect with themselves and others. This calming, well-equipped environment is a key component of WhiteSands' success, allowing patients to recover in dignity and comfort.

As a premier Florida addiction treatment center, WhiteSands also provides extensive outpatient care and long-term support to ensure patients stay connected and on track once they complete the residential program.
