Plant City, Florida - April 21, 2025 -

Plant City, FL ? WhiteSands Treatment in Plant City is again making headlines as a premier drug rehab center in Florida, earning enthusiastic praise from former patients who credit the facility with helping them rebuild their lives. Known for its all-inclusive approach to wellness, compassionate staff, and resort-like amenities, the center has become a destination for people nationwide seeking effective, long-lasting recovery. The latest five-star testimonial from a patient named Lena offers a heartfelt glimpse into the life-changing experience that WhiteSands consistently delivers.

?WhiteSands was the second treatment center I have been to and I am SO thankful that I chose them,? wrote Lena. ?I cannot say enough amazing things about them. The staff is kind and caring, the facility is clean and well maintained, they allow you to have your phone for the evening if you go to all of your classes. They run evening activities like BINGO, spades tournaments, or will have sports on the big screen with ordered-in food in the common area. The food is pretty good, and they also have extra amenities like a pool, a chiropractor, a gym, a sand volleyball court, a basketball court, and even boxing! PLEASE, I ENCOURAGE ALL TO GO TO COACH RAY?S BOXING. It is an amazing workout and extremely cathartic. Coach Ray is an

absolute legend and he is so supportive. He truly cares about each and every one of us in the program. Everyone at that facility wants us to recover. The teachers, doctors, nurses, etc are all fantastic. Going to WhiteSands has been hands down the best decision I ever made for myself and I will be forever grateful to them. I?m over 100 days now and counting, one day at a time!!?

This kind of transformative feedback reflects the core mission of WhiteSands Treatment: to provide people with the tools, structure, and compassionate support necessary to achieve lasting wellness. The Plant City campus has earned its place among the top-rated Florida Alcohol & Drug Rehab Centers by offering high-quality clinical care and an experience that promotes dignity, comfort, and community.

The facility's comprehensive continuum of care is at the heart of its success. Services at WhiteSands include medical drug detox, inpatient and outpatient rehab programs, day-night treatment, psychiatric care, individual therapy five days per week, group counseling, relapse prevention, and family therapy.
