Atria Dental Gordon Welcomes New Patients from Killara, Pymble, and Surrounding North Shore Suburbs

GORDON, NSW ? Atria Dental Gordon, a well-established dental clinic located in the heart of Gordon, is welcoming new patients from neighbouring suburbs including Killara, Pymble, Lindfield, Turramurra, and beyond. The practice is seeing growing demand from residents across the Upper North Shore who are looking for reliable, accessible dental care from a trusted local provider.

Located just steps from Gordon train station and Pacific Highway, Atria Dental Gordon is well-positioned for families, professionals, and commuters seeking high-quality dental services close to home or work.

Accessible Dental Care for the Upper North Shore

As property values and population density continue to grow in Sydney?s North Shore, so too has the demand

for reliable healthcare services in the area. Atria Dental Gordon has responded by making it easier for new patients to access care without long waiting lists or travel. ?We?ve always been proud to serve the Gordon community, but in recent years we?ve seen more people from Killara, Pymble and surrounding suburbs choosing us as their family dentist,? said Dr. Juzer Naseem, Principal Dentist at Atria Dental Gordon.

?People want accessible, trustworthy care?and we?re right here, in the centre of it all.?

The clinic?s convenient location?200 metres from Gordon Station and a few minutes? drive from key suburbs?means patients can access dental treatment before or after work, during school hours, or on weekends.

Services Designed Around Local Needs

Atria Dental Gordon provides a wide range of services that cater to the day-to-day dental needs of families, professionals, seniors, and students. Core offerings include:

Preventive dentistry (check-ups, cleans, fluoride treatments)
Restorative dentistry (fillings, crowns, bridges)
Cosmetic dentistry (teeth whitening, veneers, Invisalign)
Emergency dental care
Dental care for anxious patients and children

All treatments are provided in a relaxed, modern environment using up-to-date technology, including same-day crowns with CEREC, digital X-rays, and intraoral scanners.

For new patients, the clinic offers a gap-free check-up and clean for those with eligible health funds?removing financial barriers and encouraging regular care.

Community Focused, Patient First

What sets Atria Dental Gordon apart is its focus on individualised care. Each treatment plan is tailored to the patient?s goals, medical history, and lifestyle. The team takes time to listen, explain options clearly, and create a calm environment?especially for those who may feel nervous about dental visits. ?We see a lot of patients from Killara and Pymble who haven?t been to the dentist in a while,? Dr. Naseem said. ?Our approach is non-judgemental and supportive. The goal is always to help people feel comfortable coming back regularly.?

With Gordon acting as a hub for transport and retail, the clinic is ideally located to serve busy families and

working professionals across Sydney?s northern suburbs.

Easy to Find, Easy to Book

Atria Dental Gordon is located at:

Atria Dental Gordon ? Google Maps
