Lake LaCroix RV Resort Officially Opens in St. Louis Bay, Welcoming Visitors Across the Gulf Coast Region

April 16, 2025

Bay St Louis, MS - April 16, 2025 -
Lake LaCroix RV Resort has officially opened its gates to the public as of April 1, 2025, marking the beginning of a new chapter for tourism and outdoor recreation along Mississippi?s Gulf Coast. Located in the heart of St. Louis Bay, this RV resort is now fully operational, welcoming guests from both in-state and out-of-state markets. The resort combines modern amenities with natural charm, offering a premier destination for RV travelers seeking a scenic and comfortable retreat.

Lake LaCroix RV Resort represents a significant addition to the area?s travel and leisure options, delivering a tailored experience for vacationers who value both convenience and a strong connection to the outdoors. The resort is now taking reservations and actively servicing additional locations in surrounding regions, encouraging more visitors to explore the area and take advantage of its year-round recreational opportunities.

Since opening, the resort has already begun to host RV travelers from across Mississippi, Louisiana, Alabama, and Florida, indicating a strong early interest from surrounding states. The combination of its proximity to Gulf Coast attractions and the inclusion of full-service amenities positions Lake LaCroix RV Resort as an attractive option for travelers looking to experience the region's unique culture and natural

landscapes.

The facility features fully equipped RV sites with water, sewer, electrical hookups, high-speed internet access, and level parking pads. On-site amenities include a clubhouse, pool, fishing docks, laundry rooms, two bathhouses, and a children's recreation area. The resort also offers direct access to the beaches, local restaurants, and shopping centers, adding convenience for guests who wish to explore the wider area during their stay.

According to a resort spokesperson, the official opening results from years of planning and development aimed at providing a high-quality experience for guests while supporting the broader tourism industry in Mississippi. "Lake LaCroix RV Resort was developed to offer more than just a place to park an RV. It?s a space that welcomes travelers into the community and encourages them to enjoy everything St. Louis Bay has to offer," the spokesperson said.

The resort is situated on a prime piece of coastal property that has been carefully preserved during development to maintain its natural appeal. The landscaping, walking trails, and common areas were designed to complement the region?s natural ecosystem and provide a peaceful environment for visitors to unwind.

The opening of Lake LaCroix RV Resort is also expected to contribute to local economic development, provide employment opportunities, and draw tourism revenue into nearby businesses. With its initial success attracting visitors from neighboring states, the resort has already positively impacted the hospitality sector, especially as the Gulf Coast continues to experience growth as a regional travel destination.

The resort?s strategic location allows easy access to major travel routes, making it a convenient stop for those traveling along the I-10 corridor. In addition to servicing traditional vacationers, Lake LaCroix RV Resort aims to appeal to remote workers, retirees, and long-term RV travelers who are increasingly seeking locations that offer comfort, safety, and reliable amenities for extended stays.

Feedback from initial guests has been overwhelmingly positive, with many noting the quality of the facilities and the peaceful setting as standout features. The early success reflects a rising trend in RV travel, particularly among families and retirees seeking alternatives to traditional lodging. Lake LaCroix RV Resort offers an answer to this demand by combining the independence of RV travel with the comforts typically associated with resort accommodations.

With the official 2025 opening behind them, the resort management team is focused on improving guest services and ensuring a welcoming environment for all. Reservations are being accepted through direct phone bookings and online channels, and availability is expected to fluctuate as seasonal demand increases.

The resort encourages early bookings to secure preferred dates during peak travel periods.

As Lake LaCroix RV Resort enters its full season of operations, the team remains committed to delivering a high standard of guest experience while contributing to the long-term success of the local tourism industry. The resort?s blend of comfort, accessibility, and coastal beauty makes it a distinctive addition to the Mississippi Gulf Coast, and its opening marks a notable development for the region?s recreational landscape.

Further announcements regarding event programming and expansion efforts are expected in the coming months as the resort settles into regular operations. In the meantime, guests are invited to enjoy a modern RV experience in one of Mississippi?s most naturally beautiful and culturally rich destinations.
