

T and B Services Expands Appliance Repair to Boone and Winnebago Counties

May 02, 2025

ROCKFORD, IL - May 02, 2025 -
T and B Services and Appliance Repair is excited to share that it's extending services throughout Boone County and Winnebago County. Recognized for handling a wide variety of home appliance repairs, this move means residents in Rockford, Loves Park, South Beloit, New Milford, and Winnebago will now find it easier to access their highly-rated services.

Specializing in the maintenance and repair of various appliances, T and B Services and Appliance Repair has earned its reputation from providing dependable service and effective fixes. They handle repairs for ovens, stoves, washers, dryers, and dishwashers, ensuring all essential home appliances are covered. By reaching more locations, they aim to respond more promptly and efficiently to their expanding customer base.

Tim Killeen, representing T and B Services and Appliance Repair, shares, "Every home relies on appliances every day. Our goal is to keep these appliances running smoothly. By expanding our services, we're making sure more homeowners get quick and reliable repairs."

Customer satisfaction is a priority for the company. They offer timely appointment scheduling, emergency repair services, and practical tips for ongoing maintenance. Their repair services cover top appliance brands like Bosch, Samsung, Kenmore, Maytag, Electrolux, LG, and GE. With this expansion, their skilled technicians will now be available across a wider area, ensuring appliances remain in peak condition.

Aside from existing services, T and B Services and Appliance Repair focuses strongly on energy efficiency. By advising on energy-saving appliance upgrades, they help customers cut down on utility bills in the long run. This approach not only helps households save money but also aids in creating a more sustainable environment by reducing energy use.

Their robust online presence, particularly on T and B Services and Appliance Repair Facebook, provides potential clients with a way to learn about their services and engage with community updates and promotions. A recent post offering a $20 discount on vent cleanings shows their proactive nature in engaging and promoting services to customers.

The company is steadfast in delivering top-notch appliance repair services and is always looking for ways to serve clients better. Upcoming plans include adding more advanced appliance repair options and expanding their service areas further.

Operating throughout the week, they offer 24/7 support for unexpected appliance issues, reflecting their commitment to efficient customer service. With open communication channels like a direct phone line and email support, customers can easily reach out with questions or service needs. This approach underscores their customer-first philosophy and strengthens their reputation in the appliance repair field.

Tim Killeen further mentioned, "T and B Services and Appliance Repair reviews highlight our dedication to serving customers well. The feedback we've received is crucial, driving us to improve continuously. We aim to maintain our high standards and keep enhancing our service delivery."

T and B Services and Appliance Repair is committed to meeting and exceeding customer expectations. With a broad range of services and skilled technicians, they are more than ready to tackle any appliance-related challenge. They encourage local residents to experience top-quality appliance repair and enjoy the benefits of energy-efficient homes.

For more details on their extensive services or to book an appointment, visit their website or connect with them on their active social media platforms. Their dedication to prompt and effective service makes them a

trusted name in the appliance repair industry. Discover more about their offerings and stay updated by visiting their website, where customers can also book services directly.
